## in the hot seat, and out

LABRADOR CITY—There is a general feeling in Labrador West that consumers especially in the food line are being taken to the cleaners.

With this thought in mind members of the Carol Ladies Community Club some time ago sent letters of invitation to Dominion Stores and Bowrings here to send representation to one of its meetings to discuss the situation and to present their side of the story.

Last Thursday evening at a marathon meeting of the club, which did not conclude till after midnight, the Manager and Assistant Manager of Dominion Stores, Laurent Hebert and Mike Sloane faced club members to answer questions in connection with the high cost of food items and lack of variety in their operation. There was no representation from Bowrings.

The original letter of complaint to both outlets complained of the high food costs as compared with other centres such as Montreal, Toronto and St. John's and the lack of variety.

When questioned as to

why the markup is so high Mr. Hebert replied that only luxury items have a higher markup so as to afford a small marginal profit on essentials.

He cited the following factors as contributing to the high cost of food in this area.

(A) Transportation of goods from the Dominion warehouse in Montreal to the store here.

Wages plus living allowances for 35 full and part-time staff at Quebec rates.

(B) Return fares paid twice yearly to all staff hired from the outside and finally the cost of visiting supervisors and internal inspectors who make visits to all stores periodically.

Mr. Hebert stated these are costs over and above other stores across Canada but each individual store is charged with its own expenses which therefore must be absorbed. These extra costs are indirectly retrieved from the consumer.

On lady suggested that the consumer is being penalized under the system and that Dominion headquarters should find

some other way of absorbing these extra costs peculiar only to the Labrador West area.

The ladies also raised a complaint about meats being left on the counters too long with resultant spoilage within a day or two after delivery. Many felt they were paying far too much for meats. One lady said the cost of stewing meat sells here for 99 cents per pound as compared to 55 cents bought in bulk at Seven Islands.

There were other complaints about price variations. The Dominion Store official was reminded that as an example, one variety of salad dressing sells here for 89 cents while on the outside the same thing sells for 63 cents. Another lady noted that on one particular day, semi-sweet chocolate went from 73 to 87 cents.

Mr. Hebert admitted that many of these prices did seem high and he could offer no explanation. However, he did promise to check out the matter.

With regard to the charge of lack of variety, he stated his store is plagued by the lack of space and therefore

it is necessary to limit items in stock.

Despite being under constant fire for some two-and-one-half hours Mr. Hebert proved to be very congenial and enlightened many of the ladies on Dominion Store policies.

Among these are: (1) Dominion Stores do not sell at a discount to anyone for any reason. (2) When a special is offered and the stock is depleted before the advertised time expires, the store will issue a rain check. (3) The store honors any coupons on Canadian products stocked in its store.

Mr. Hebert was also asked about the 18 percent higher cost of living in Labrador West as cited in the Adams Royal Commission Report on the cost of food and drugs.

He replied he was not familiar with the report or of its findings.

He concluded by saying that a suggestion box will be installed in his store for the use of customers wishing a specific product for those customers wishing to lodge a complaint.

# week in review

T-Dor is no great athlete, (unless elbow bending is considered) and athletics are simply not our forte. However Labrador in spring being what it is, the slopes at Smokey Mountain are quite a drawing card and you can understand how one deviates from a listless afternoon with foot on the rail. (until 4:00 p.m. at least.)

We don't want to dwell on the competitive aspects of last weekend at Smokey because this type of thing is for the sports pages. Leaving out the winners, the prizes, the gold medals, the loud hurrahs, we find that ski club has something else to offer in the way of a truly different form of recreation.

We are impressed to find that here is "the outlet" for an individual sport, a clean, clear bracing race that one's own self down a hill. When not taking a fast exhilarating ride one may stand for a half hour and enjoy pure fresh brilliant whiteness with not a sound of disturbance.

On days such as we encounter in the north at this time of year, we can think of no better way to commune with all that nature has to offer.

For the next few weeks the sun tends to become warmer, the days are longer and the wind blows very little. When the addict becomes tired of standing, he shifts an ankle, leans on his poles, and races off to another, better view. At times he drops, from pure sheer healthy fatigue, and lies in the snow, soaking up a tan which can be found only in Labrador at such a time.

We may race through a grove of birches, or under spruce bows, past a bewildered ptarmigan, or even follow rabbit tracks over the brow of a hill. And it's all effortless, swift and very quiet.

A funny thing we notice about all this is, that even the little kids, stop, gasp at the crisp air, look and commune just as T-Dor does. And we get right down to it, its kind of nice to know that there is something, unlike hockey, or baseball or soccer that a man can do and enjoy when he is well along in years without ever a worry about referee, or coach, or letting thyteam down.

Agree?????

Somewhat off the ski beat? But still on Smokey's slopes, we noticed some tents last weekend, and found that there is another type of addict to be found outdoors.

Paul Burchert and ten Venturers camped out on the premises for the long Easter weekend and had a time indeed. For three nights they slept out, and for three days they pitched in and helped the Ski Club by watching slalom gates, and doling out hot chocolate, to competitors and race officials alike.

At times it was well below zero, and then some, on top of the mountain. The venturers obligingly set up tents as windbreaks, and plodded all over the terrain lending a hand.

Not being very knowledgeable about this Venturer business, and having no small boys of our own, we asked about it. It appears that Boy Scouts like to remain Boy Scouts, but somewhere along the line many of them feel that after a fella becomes fourteen he should graduate a little. Hence, the name "Venturer" for Scouts 14 to 17. This has been in effect in Canada for the past year or so, and in the States for a little longer.

In the U.S. our American cousins are called "Explorers" but whatever you call them, they are boys who are doing a wonderful job of being boys and we hope they will be around for a while to coe.

We asked one particularly healthy specimen of this above entioned breed how he liked sleeping out in a tent.

"Tents" he says, "we don't sleep in them, we sleep in lean-tos of boughs."

That was too much for us, and we dropped out of the Venturer community in a hurry. (it was 32 below one of those three nights).

Just before we left Father Lemire arrived and said Mass for the Venturers and skiers alike. The Church was a pleasant glade among the spruce trees at the foot of Smokey, and what with a camp fire, and skis, and skiers, and Venturers, and atent or so, the sun creeping up the sky and temperature with it, we couldn't imagine a more striking place to worship.

You know, we have some pleasant customs going for us here in Labwab, let's keep it that way, and more too. Nuff said,

By T-Dor

## BOARD GETS NEW MEMBER

The Board of Trustees of Labrador City last week saw another new member added to its member.

"Flip" Dawson was sworn in at a ceremony performed by Town Manager, Art Rendell.

Mr. Rendell also announced the names of Board members who will be attending the June convention of mayors and municipalities in Ottawa.

Those who will be attending are, Karl Hiscock, Mr. Dawson, Mrs. Dianne Archer and Jim Pond, assistant town manager.

## Scout Jamboree

Some members of the Carol Scout Troop of Labrador City may be attending the jamboree at Mackinsons, Conception Bay this summer.

Local scouts will join approximately 1200 other scouts from across Canada and the United States.

Deadline for applications to provincial headquarters is April 30.

Locally a weekend of games - or jamborette - has been planned for the end of May and invitations have been sent out to Schefferville, Sept Isle, Goose Bay and Churchill Falls.

## Tarrent elected to PC Executive

Local businessman, Pat Tarrent, was elected this week to a top position in the provincial Progressive Conservative Party.

Mr. Tarrent's name was placed in nomination at an association meeting in Gander this weekend and,

although he could not attend due to business commitments, he was elected to the post to represent this part of the province on the executive.

## Legion adds new club-room

The energetic Legionaires of the Wabush Branch of the Royal Canadian Legion added another new room to their recently completed, and attractive quarters in Wabush.

The addition at Branch 57 was totally outfitted by the Ladies Auxilliary at a cost of \$4,200, which they raised by various projects.

The branch, which has a membership of 100 first started building their clubrooms in 1967. The main portion of the building was finished that same year and since then they have carried out a \$24,000 renovation job on the basement.

The Club now boasts a new games room, lounge and other facilities as well as the newly opened "Legionaires Room".

## Goose Bay Youth Camp

Of interest to the people of Labrador West will be the new Youth Camp which is to be built for the benefit of all Labradorians at Gosling Lake between North West River and Happy Valley.

The Camp is a joint venture of operation Beaver and the Volunteer Youth Program of the International Grenfell Association. Provisions will be made to include camping facilities for groups such as Scouts and Guides. There will be four cabins centered around a main lodge

building and located between the lake and a wooded hillside which is also being developed as a ski slope.

One of the stated aims of the camp is "to be a meeting place where young people from all over Labrador will come to exchange ideas and develop a sense of identity and unity for Labrador."

## Midgets give good showing

The Labrador City Midget All Stars did not fare too well in the Midget "A" tournament held in Gander last week but nevertheless they made their presence felt and showed they have the stuff good sportsmen are made of.

The local boys failed to register a single victory in the six team round-robin tournament but there was general agreement that next year should be an altogether different story.

## PEI Trade delegation

It was announced that 15 people from Prince Edward Island will visit Labrador

West for two days during the third week of April.

The main purpose of the visit is to promote PEI produce and to encourage the tourist trade between Labrador and the Island.

The group will present a film and distribute promotional literature at the Ashuanipi Social Club on Monday night.

Among other things, they will be offering package deals for groups visiting PEI this summer.

## Liberal Association meeting

Local Liberals are soon to hold their organizational meeting in Labrador West

and at least three men will be seeking the post of president.

These are Tom Gillespie, Tom Price and Nelson Sherren. Contenders for the vice-presidency are Charles Stephens and George Roberts, Kit Sheppard is going after the secretary's position and Clar Horwood will try for treasurer.

An invitation has been sent to Premier Smallwood.

## WABUSH BOXERS WILL

## COMPETE IN ST. JOHN'S

Mr. Rayworth said he hopes to duplicate this feat again this year.

Winners of this years event will take part in the Eastern Canadian Golden Gloves Tournament to be held sometime in May.

This years one day tournament will be held in the St. John's Memorial Stadium on Friday April 25.

The Wabush Boxing Club will be sending six boxers to St. John's this month to take part in the Newfoundland Amateur Golden Gloves Championships.

Coach Bob Rayworth who will accompany his team says it will be the first time the Wabush club has been entered in the Golden Gloves Competition on the outside.

He named Dave Walsh, Light Heavyweight; Derek Hancock, Middleweight; Hardy Warren, Lightweight; Dave Simon, Welterweight; Mike Coady, Lightweight and Albert Summerville, Lightweight, Lightweight, to carry the Club's colours in the competition.

Last years Provincial competition was held here in Wabush and the host club took four of the medals.

# Yearbook forum held

The Principal, P.G. Congodn and yearbook editor Mike Vickers along with four students of the yearbook staff of Notre Dame Academy attended a one day "Year Book Forum" held at the Fisheries College in St. John's recently.

They were the only school in Labrador to have representation at the discussions. Mr. Vickers was also moderator for the affair.

The forum was sponsored by American Yearbook Services and was in the form of a workshop to discuss and exchange ideas in design, planning, photography and the general overall content and layout yearbook production.

About 90 delegates from across the province attended. The other four delegates from Notre Dame Academy were, Richard Timmins, Terry Leonard,

Maria Hickey and Helen Murphy.

Transportation for the local delegation was provided by the Departemnt of Labrador Affairs.

Guest speaker for the occasion was the president of the Fisheries College, Dr.

C. R. Barrett.

Other speakers included: Bob Cavanaugh of Winnipeg, James Faulds of Halifax and Brother Jones of St. John's.

While in the Capital, the local delegates were taken on a tour of the college and also the city.

# this week in ASTROLOGY

BY CARL PAYNE TOBEY  
ILLUSTRATED BY DE GRAZIA

## PAST

### HITLER'S ASTROLOGICAL FAILURE

Like others, Hitler attempted to use astrology to bolster his courage. Astrologers were supposed to predict what he wanted to occur. Those who warned of failure ahead mysteriously disappeared. Too often people endeavor to use astrology to verify their illusions.

## THE ARIES MAN

Freedom for the Aries man is a necessity. He has energy and creativity, making him capable of carving his own way through the wilderness, for he is a pioneer all the way. He rates high among the empire builders of America. He wants his children to be like him, following in his footsteps.

4-13 © 1967 by NEA, Inc.

## FUTURE

### TOBEY'S PREDICTION:

It can be disruptive for those born July through December 1945, April through May 1946 or February through March 1947. It can be separative, and things don't go as planned. An open mind plus flexibility will help. A new and better slant ahead for those born September 18th thru 23rd with some good luck added.

## YOUR WEEK AHEAD

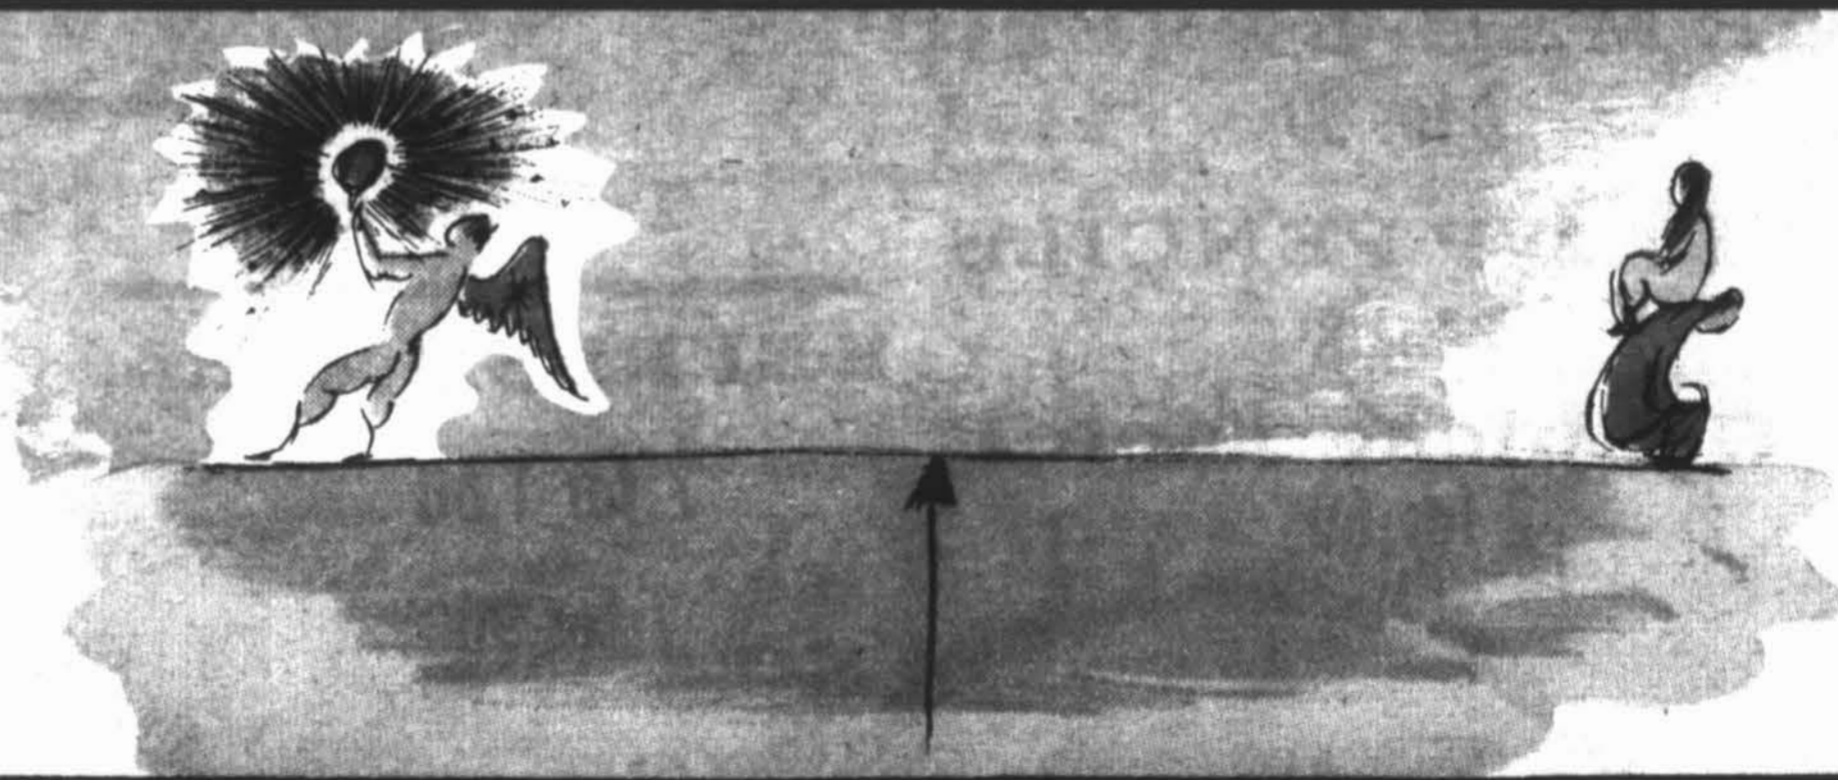

- ARIES** (♈) Mar. 21-Apr. 19 *Many possibilities, don't overload yourself, Tuesday and Wednesday best days of month for action.*
- TAURUS** (♉) Apr. 20-May 20 *You can make this week count. Put forth best efforts, particularly on Thursday and Friday. Push ahead.*
- GEMINI** (♊) May 21-Jun. 21 *The week grows better as you get into it. A change of scenery on Saturday will help. New viewpoints good.*
- CANCER** (♋) Jun. 22-Jul. 22 *Powerful forces at work this week. That which is established is strong. Cooperate with those in power.*
- LEO** (♌) Jul. 23-Aug. 22 *There is solidarity. The week grows better as you get into it. Thursday is strong for the social.*
- VIRGO** (♍) Aug. 23-Sep. 22 *Don't travel or make changes on Sunday. Remainder of week more practical. Education favored on 17th, 18th.*

- LIBRA** (♎) Sep. 23-Oct. 22 *Unstable and inopportune until later in week. Stick to that not requiring any special skill or judgment.*
- SCORPIO** (♏) Oct. 23-Nov. 21 *A more doubtful week. Don't push. Let nature do work for you. Thursday and Friday on negative side.*
- SAGITTARIUS** (♐) Nov. 22-Dec. 21 *Fair till later part of week. Then, watch your step. Spend next week end quietly. No travel.*
- CAPRICORN** (♑) Dec. 22-Jan. 19 *Resist any depressive tendencies this week. Forget about yesterday and be patient about tomorrow.*
- AQUARIUS** (♒) Jan. 20-Feb. 18 *Sunday thru Tuesday good for communications. Thursday, Friday doubtful. Saturday independent.*
- PISCES** (♓) Feb. 19-Mar. 20 *Sunday good socially. Get in all the progress you can before Saturday. Then, stick to home.*

ASTROLOGY 4-13

## SUCCESS AND FAILURE

A narrow line separates success from failure. It was mid-night when Robert F. Kennedy accepted the cheers of his followers for his California primary victory over Eugene McCarthy, but within 15 minutes he became the victim of an assassin's bullet.

## Guiding in Labrador

After all the excitement of Card Parties, Carnival and Thinking Day, guiding has settled down this month to the regular business at hand - namely learning the essentials and working for more badges.

### LABRADOR CITY

Mrs. Betty Hardie, District Commissioner, along with Mrs. Agnes Green, treasurer of the Local Association, attended the Annual Guide Conference held in St. John's on March 21, 22 and

23 inclusive. Both were enthusiastic about their trip and felt it was worthwhile.

Currently plans are being formulated to sponsor training sessions for the Guiders of the twin towns. The proposed dates are from May 1 to 5 and they will be conducted by Mrs. Pat Hiscock of Gander.

Word has been received that Mrs. Anne Preston, Brown Owl of the 3rd Carol Brownie Pack, will be attending the forthcoming conference, to be held sometime in September, at

Pierrefonds, Quebec.

Congratulations are in order to Mrs. Sharon Adams, who has received her District Guiders warrant.

We have only one report from the Packs and Companies this month. The 3rd Carol Brownie Pack made 25 novelties to decorate hospital trays at Easter. Six brownies from the pack earned their skiers badge and twenty other proficiency badges were earned.

### WABUSH

Mrs. Shirely Jennings, District Commissioner and Mrs. Marie Rose, District Guider, attended the Annual Guide Conference mentioned above.

The Local Association held a successful bake sale on March 21.

Mrs. Nellie Squires will attend the Guiders Nature Workshop in July.

Wabush guiders will also be taking part in the training sessions mentioned in the Labrador City news.

For further information contact Mrs. Jennings at 282-3120. Please plan to attend.

Over the past month nine proficiency badges were earned by six girls from the 1st Wabush Guide Company. Seven badges were earned by five girls of the 2nd Wabush Guide Company. Religion in Life emblems were also earned and will be presented later in April.

### Labrador Ecumenical Conference

The second annual Ecumenical Conference of Labrador was held here recently. Representatives from the various denominations across the whole of Labrador attended. The Conference was held to discuss questions of mutual interest in Labrador. This year's discussion centred around youth problems. Shown above are the various delegates who attended the Conference.(J.L. Biron photo).

### First Holy Communion

The first Holy Communion was served at the Church of Our Lady of Perpetual Help, Labrador City, on Holy Thursday. The pictures above and below show the first two classes of Communicants. Above is the class held for English Communicants and below the class for French Communicants.

## Skiers meet at Smokey Mountain

Smokey Mountain Ski Lodge was host recently to invitational and Canadian Amateur Ski Association meets. These photos by Jean Louis Biron tell part of the story. Top Left is an overall shot of one of the Smokey Mountain slopes. In the lower left hand corner of the picture is the Lodge. Top right are the winners of the Senior Giant Slalom, the Smokey Mountain team of John Kratz, centre; Manfred Munzil, left; and Dave Matheson, right. To the immediate right are the winners of the Senior Ladies Slalom; Pauline Staples of Corner Brook, centre, was the winner. To her left is Carol Sheppard of Smokey Mountain who finished second and to her right is Kira Obrascova of Smokey Mountain who finished third.

## SPORTS SPOTLIGHT

### Season Closes

The Labrador City-Figure Skating Club held its final presentation "Welcome to Spring" before an audience of 700 this past Sunday. The performance was the final event of this year's schedule and brought to a close a very successful season.

Mrs. Nancy Mann, the club director said that many long hard hours went into the final production. As the kids went into their act it was easy to see why all the hard work was needed. Most of the club members were in the 6-10 year old bracket.

The club handles kids ranging in age from 6-14 years but 70 percent of them were below 10 years. This year's club had about one hundred members and was trained by Mrs. Mann, Mrs. Elizabeth Attersley, Mrs. Brenda Have and Miss Maureen Langille. The instructors work on a voluntary basis in their own free time.

Mrs. Mann said that funds to cover the club's expenses come from the season's special productions. The club is sending five members out to take summer instruction at various mainland centres.

### Broomball League

The Men's Broomball League got underway on Wednesday, April 2. IOC Mill met Bowings in the opener and Mill took a close 2-1 decision.

In Tuesday nights action North Stars defeated Apollos 3-0. Ravens lost a close 1-0 decision to Hawks, and Bowings shutout Wabush Lab 2-0.

In Fridays action Mill defeated Apollos 3-0 and Chem Lab defeated Hawks by an identical score.

There are eight teams in this year's league.

### Young Legs Whip Old Timers

The Wabush teenage ladies, led by the spectacular six-goal performance of Helen O'Leary, defeated their older counterparts 10-3 on Friday night. The young ladies showed lots of scoring punch and lots of go in their victory over the older Wabush ladies.

The teens also had a hat trick from Gerry Murphy and single from Muriel Arsenault.

Owens, Porter and Tiller tallied for the old timers. The younger set were a little more aggressive than the older ladies and were tagged with five of the six minor penalties called in the wide open, laugh-filled contest.

### Final Invitational Big Success

Four events were run for the 16 prizes offered.

The prize list was valued at over \$1,700 and gives a clear reason why interest was so high and the competition so keen.

"A" event winners were Frank Mack, John McCrindle, Eric Legge and Tom McEachern of Sept. Iles.

Runners up were Ed Cobey, Carl Hiscock, Roy Pitcher and Grace Crowley of Carol Curlers.

"B" event winners were Jim Ward, Gerry Ford, Dick Narduzzi and John Caverly of Carol Curlers. Runners up were Bob Worthman, Gord Bissel, John Mageen and Alf Mpakler of Goose Bay.

"C" event winners were Jack Dunkin, Don Moss, Don Swann and Sylvia Dugas of Carol Curlers. Runners up were Ken Sabab, Les Rendell, Joe Smith and Bert March of Goose Bay.

Two more local bonspiels will be run before the club closes its doors on another successful season. Closing is expected to take place around May 15.

Aurora wants to publish news and announcements of all social activities in Labrador West.

Tuesday: Religion in Life class at 7:30 pm.

Wednesday: Holy Communion at 10 am.

# The Entertainment Page

## Mind Teasers

### The Problems

1. How fast must a police cruiser travel in order to overtake in 40 minutes a speeding motorist who is traveling at 70 miles an hour, if the motorist has a 15-minute start?
2. A plot of ground is 7 feet longer than it is wide. If its length were increased by 5 feet and its width decreased by 3 feet, its area would remain the same. What are its present dimensions?
3. Twice a certain number exceeds 1/2 that number as much as 6 times the number exceeds 85. What is that certain number?
4. A mast 240 feet high, with its base 82 feet from a building of the same height, broke off at the ground and fell against the building. How high from the ground was the top of the mast when it struck the building?
5. A produce store sold 8 bushels more than 5/7 of its supply of apples, and then had 12 bushels fewer than 1/3 of its apples remaining. How many bushels of apples did this store have originally?
6. In a potato race at a picnic, each contestant must start from a mark and bring back, one at a time, 6 potatoes, the first of which is 6 feet from the starting line and each of the other potatoes 6 feet farther than the preceding one. How far must each contestant travel in order to finish the race?

### Solve a Crime You are the detective

You enter the little lake side cabin, noting the two unmade bunks on one side of the front room, the table in the center with a number of unwashed dishes on it, the fishing tackle lying on the floor in one corner. Then you walk into the small kitchen at the rear of the cabin and look down at the body of Jed Higgins sprawled on the floor behind the table, a knife protruding from his chest. He is shoeless, clad only in khaki slacks and a white T-shirt, the bosom of which is stained with blood.

"I can't understand who would have wanted to do something like this to poor old Jed!" exclaims Joe Anderson, who is standing at the door you just entered. "He was a great guy, and he and I got along fine in the business we own jointly. Couldn't have been oney the killer was after either . . . that was the first thing I thought of . . . but Jed's wallet is still in his hip pocket, untouched."

Anderson shakes his head sadly, then continues. "We had come here for a weekend of fishing, but this morning Jed complained that he wasn't feeling well, and he stayed in bed. I took off without him and spent about three hours out on the lake in our boat. Then when I returned here at noon for a bite to eat, I almost passed out with horror when I opened the front door and saw Jed lying there . . . dead . . . all that blood . . . that knife in him. I couldn't even come into the cabin. I was too sick with the shock of it. Finally though, I recovered enough to drive into town and phone you."

"Had you noticed any suspicious looking characters around here since you and Higgins arrived on your fishing trip?" you query.

"No . . . only a few other fishermen, fellows we both knew from our previous trips here. And I'm sure they're all right."

By this time, you're standing at the front door of the cabin gazing out towards the lake, then you wheel around and stalk back into the kitchen for another look at the victim's body hidden behind the table. You meditate for a moment, then return to the front room.

"You'll have to accompany me to headquarters," you inform Joe Anderson, "on suspicion of having murdered your partner!"

Why do you suspect Anderson?

## Mind Teasers

### The Answers

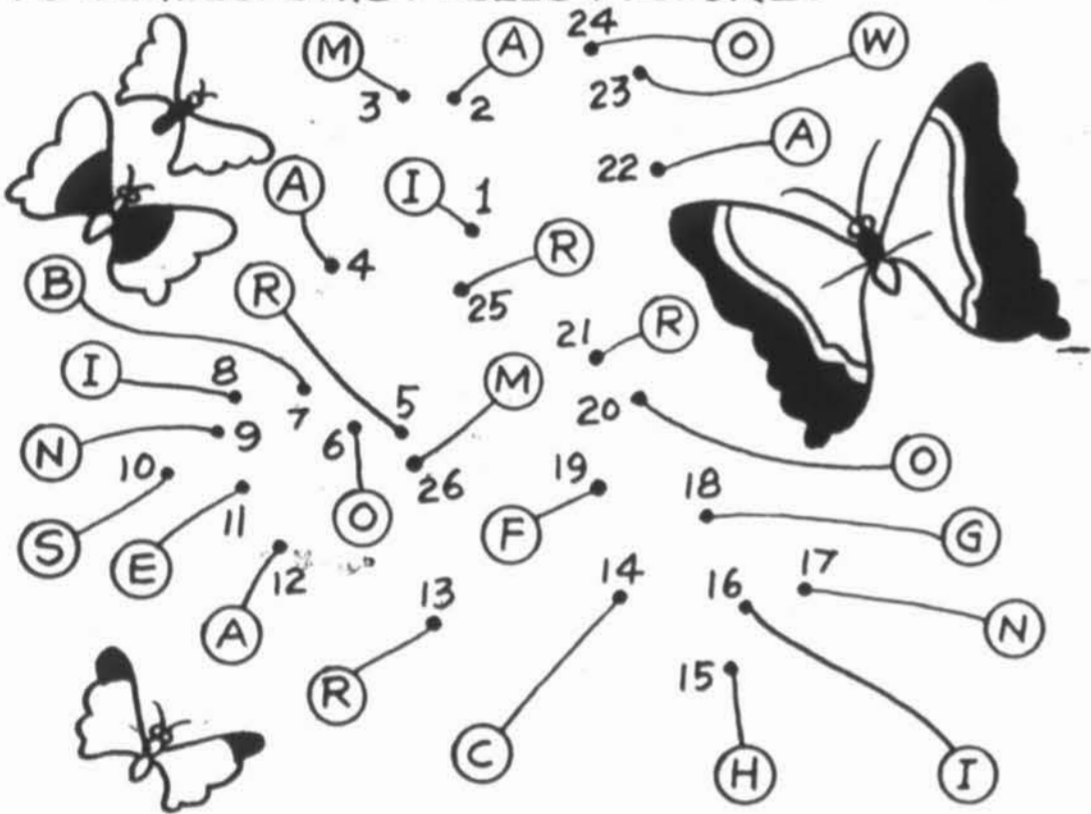

- A1. 96-1/4 m.p.h. The motorist will have been traveling 55 minutes when the cruiser overtakes it, or 55/60 hour. Divide the product of 70 and 55/60 by 40/60.
- A2. 18 by 25 feet. Let X and (X plus 7) equal its present dimensions. Form equation: X times (X plus 7) equals (X minus 3) times (X plus 12). Solve for X, the width of the plot.
- A3. 18-8/9. Letting X equal the number, form equation: 2X minus x/2 equals 6X minus 85. Solve for X.
- A4. 225.5(plus)feet. Subtract the square of 82 from that of 240, and extract square root of result.
- A5. 84 bushels. Subtract 1 from the sum of 5&6 and 1/3; divide this result into the difference between 12 and 8.
- A6. 252 feet. The round trip for the first potato is 12 feet, for the second potato 24 feet, the third 36 feet, and so on. Add 12, 24, 36, 48, 60, and 72.

### SOLUTION

According to Anderson's story, when he returned to the cabin he opened the front door and immediately saw his partner's body with the knife in it . . . nor did he enter the cabin at all. However, you've ascertained he could not have seen the body from the front door, because it was in the kitchen at the rear of the cabin, hidden behind the table there. Anderson was also careless enough to mention that Higgins' wallet in his hip pocket had not been touched.
