## Water Safety and You

The following section on boating is dealing with overloading, overpowering, and equipment which you should carry in your boat.

A. Many boat-building firms are placing metal capacity plates in their out-board models, showing gross maximum load and horsepower recommended under normal conditions, by the Department of Transport and the Canadian Boating Federation. Be sure to observe the limits indicated on these plates.

LENGTH OF BOAT		MAXIMUM WEIGHT LOAD
10 ft.	2	410 lbs.
12 ft.	3	575 lbs.
14 ft.	4	740 lbs.
16 ft.	5	975 lbs.

Owners should strictly observe the recommended horsepower load put on the boat by the manufacturer.

**B EQUIPMENT** - All lifesaving equipment must have the approval stamp of the Department of Transport.

1. Fire extinguisher bearing the approval label of the Underwriters Laboratories in Canada.

2. Life Jackets - Buy an approved lifejacket. Make sure it is a good fit above the waist of the person concerned. Practice with it in the water.

3. Two paddles or oars.

4. Bailing can or pump.

5. Tools - include in a tool kit the following: sheer pins, cotter pins, if necessary, 2 spark plugs and tools to change these items.

6. Lights - The provisions of these regulations must be complied with in all weather, from sunset to sunrise, and during such times, no other lights shall be exhibited, except such lights as cannot be mistaken for, or do not impair the visibility or distinctive character of the prescribed lights, or interfere with the keeping of a proper lookout.

**Answer to last week's question was:** The three resting strokes are - Breast stroke, side stroke, elementary back stroke.

Question for this week is :

**Artificial Respiration (mouth to mouth) should be done:**

1. in a warm dry place
2. on a level surface
3. as soon as possible

## Montreal group impressed

Members of the resources section of the Montreal Board of Trade went home June 5 impressed with the development that has taken place and can take place in Newfoundland.

Representing financial houses and industry, the 42 man resources section - at their own expense - toured the province for three days. They visited the Harmon Corporation facilities in the Stephenville area, the paper mills in Corner Brook and Grand Falls, mining operations at Buchans and the site of the oil refinery, pulp and paper and petro-chemical complex at Come by Chance.

The visit was a co-operative effort of the Montreal and local boards of trade and Canadian National Railway's industrial development department.

One member of the Montreal group, geologist Leo Grossard, president of 5 mining exploration companies returned to his city with both ideas and documents to consider the province's potential.

"The trip can't help but be beneficial for both sides," Mr. Grossard said.

The resource section of the Montreal Board of Trade travels once a year for a first hand look at Canada's economic growth and potential. In the past years they have visited Northern Quebec and Ontario and the west coast.

One member of the group, Romolo Honegger, representative of a Canadian investment company in Switzerland was spending part of his annual holidays with the tour.

"The opportunity is here ... the money and the qualified people to develop it is needed" he said.

He suggested a comparison between Switzerland and Newfoundland from an industrial point of view. Switzerland sells high value, low bulk watches around the world and he felt Newfoundland could capitalize on the export market with products having similar characteristics.

"Some of the most successful industries in the province now are active in the export field" he said.

## SPORTS SPOTLIGHT

### TAMARACK MEMBERSHIPS STILL RISING

The membership figures for the Tamarack Golf Club has hit the 200 mark and is rising steadily. Miss Lillian Bouzanne, in charge of membership informed me that so far 224 people have been accepted into the club and that she is expecting the total to reach 300 before the deadline closes. These figures include everyone that holds a club card.

"Flip" Dawson of the tournament committee, told me that plans are underway to have an opening tournament on the Labor Day weekend. This will probably be a local tournament and will be open to all members.

Yvon Morin shot the best round of golf at the Taramach to date. Morin's opening 37 and closing 31 was just two above the 66 par. Other scores are not available at this time but it is hoped to have the top ten rounds next week.

Tamarack will probably be represented at the Provincial Invitational to be held on June 21 and 22 at Baly Haly in St. John's. Morin is planning to attend and should offer some stiff competition to the islanders. If he fares well and finishes in the top three scores, he will be eligible for the Willingdon Cup Team which will represent Newfoundland.

### COMBINES TOPPLE BRAVES 5-2

The Combines, a combination of Laurentians and Wabush players topped a 5-3 score on Wednesday night to defeat the Ashuanipi Braves. Breaking out with two quick goals in the opening minutes the Combines never fell behind. They led 3-2 after the first half and outscored the Braves 2-1 in the second. Noble and Paul each dented the mesh twice for the winners while Pike hit for one goal. Udo scored two for the Braves and Lanchette tallied once.

The league was scheduled to operate with four teams this year but due to the work crisis, the plan had to be scrapped and now only two teams are playing. Braves took the regular season opener last Sunday by hammering the Combines 5-1.

It is hoped that the present conditions will be ironed out before the All Newfoundland Provincial Soccer Championships as an all star team will represent the local league. This is still on schedule but may be hampered by player shortage if work shortages worsen.

### "B" LEAGUE COMPETITION SHOULD BE CLOSE

This year's Labrador City "B" league should be better than ever. The Wabush teams which won everything last season have weakened somewhat with the loss of some of their good first line players.

Dominion has gained considerably in field strength but still lacks strong pitching. They, however, should be one of the teams to beat. Administration has gained some new strength and should pull a few upsets and may even be a contender if they get stronger pitching. Railway, who finished second to Wabush last season, may be back in contention again this year. I haven't seen them workout so I won't pass judgement. A new entry in this year's league, the Juniors, may have some unknown talent. This, however, remains to be seen. The regular schedule starts this weekend and after the first round things may be a little feasier to predict.

The annual meeting and election of officers of the Labrador West Progressive Conservative Association took place last Friday. Shown are the head table guests. (Biron Photo)

Here the newly elected executive of the Labrador West Progressive Conservative Association of Labrador West pose following their election last Friday night, including their special guests. (Biron Photo).

## Ottenheimer criticizes transportation in Labrador

WABUSH (STAFF) Deficiencies in transportation in the Labrador City-Wabush area was one of the many topics covered by opposition leader Gerald Ottenheimer when he addressed the annual meeting and election of officers of the local branch of the Progressive Conservative Association held here Friday night.

"Here we have an important industrial area in this province and indeed this nation and without doubt having untapped potential wealth. Yet, we have this area of great richness and even potential greater richness if we include the rest of Labrador, isolated from the Canadian Transportation Network."

It would seem said Mr. Ottenheimer, that what is necessary is for the Premiers of Quebec and Newfoundland and a representative of the federal government to get together and explore the potential in terms of future development of this entire area. To examine the needs and long term future in possible developments to come

up with an adequate transportation policy

"This is not only in the best interests of Labrador but in the national interests as well."

"Certainly to brush aside every suggestion of a road from Labrador City-Wabush connecting with the north american road network is the attitude of an immature, irresponsible administration. The needs in communications are obvious as well, said Mr. Ottenheimer.

"Today adequate radio and television service is not a luxury, but a need. It's certainly necessary for adults and equally necessary for younger people in order that they be aware of what is going on in the capital of their province, the capital of their nation and indeed the rest of the world." Mr. Ottenheimer stated that in many ways the mass media is probably the most important means in forming public opinion today.

"Much more important than the political platform and in many ways, not in all ways, but

in many ways perhaps more telling in its effects than the pulpit." He went on to say that "when you have to endure the kind of radio and television which is evident here in Wabush-Labrador City, obviously not a luxury but a very important need in contemporary life is being denied."

He said considering the great wealth of Labrador and its contribution to the provincial and federal treasuries, considering the great industrial development and industrial development potential, there is room for an institution for technical training—a college of technology.

Among other recommendations, Mr. Ottenheimer suggested that this area of Labrador should have a post institute of secondary education but the establishment of the technical college would be the first most important step.

"When population and other factors warrant it, very serious consideration should be given to the establishment of a

community college in affiliation with Memorial University. "And finally may I suggest as I have in the past, the establishment of a

### K of C elect new officers

LABRADOR CITY (STAFF) — Dr. Whelan Council, Knights of Columbus held its election of officers at O'Brien Hall last week.

David Beresford was elected Grand Knight succeeding John Murphy who did not seek re-election. Other officers elected were: Vince Pittman, Deputy Grand Knight; Dr. James Hearn, Chancellor; Treasurer, Bill Molloy; Cyril Dobbin, Advocate; Jim Farrell, Warden; Bill Power, Joe Collins and Alphonse Maillet, guards, and Phil Henley, John McCarthy and Cyril Stamp, trustees.

It was decided at the meeting that because of the current labor situation, the official opening of the new O'Brien Hall will be postponed until a later date. The opening ceremonies were to have taken place last weekend.

Labrador development corporation. Such a corporation should represent the knowledge and opinions of all parts of Labrador."

## Peddle blasts Burgess for criticizing C of C

WABUSH (STAFF) - The member of parliament for Grand Falls-White Bay-Labrador, Ambrose Peddle gave the MHA for Labrador West a verbal roasting in connection with a statement made by Mr. Burgess. Recently Mr. Burgess criticized the local Chamber of Commerce and said it was more concerned over the profits some of its members were losing, caused by the current labor strike, rather than the community as a whole.

"I would just like to go on record as saying that I think that's the most irresponsible remark that I have heard in a long time from an elected representative of the people," charged Mr. Peddle.

Mr. Peddle said that regardless of the motivation, we have to accept the concern as expressed by the Chamber of Commerce. "I am sure that the members of your Chamber who live among you, have more interest than just making profit."

Even if their motive was only profit said Mr. Peddle, what in the heavens is wrong with that? "What's wrong with making a profit in this society we live in? Our society is based on the profit motive, and if they were concerned, it's only showing concern for their jobs, the same as you show concern for your job."

Mr. Peddle continued, "I have never met Mr. Burgess and I

would say it to his face if he were here, that I regard his remarks as very untimely and rather irresponsible.

The MP for the riding was also critical generally of the voter from Labrador West. He said it's often said about an elected representative that "he went and got elected and we haven't seen him since." Let me put the shoe on the other foot, stated Mr. Peddle, "you elected me and I haven't heard from you since."

He pointed out that he is their representative with a very large riding.

"I have a job to do, and while some of you may feel that I let you down, I think you let me down also."

Mr. Peddle stated that the communications he has had from Labrador West were from voters he could count on one hand.

"I invite your problems. If there's anything I am in a position to do, to solve them, I'll do it."

But this is not the whole story, said Mr. Peddle. "In an area like this you don't have that many personal problems. But a lot of you have ideas, a lot of you have suggestions to make. Remember this, you are smarter than I am, because I'm working for you."

He said he has lost communication with Labrador City-Wabush. "I want letters from this section of my riding. Tell me the type of things I

should be doing. If I got the type of co-operation I'm asking for, there would be suggestions and there would be ideas that could come from an area like this. That would make my job a heck of a lot easier."

"I might be asking for trouble. If you don't feel like writing me, we have a telephone service which can be provided by the association here and you can call me collect. Those facilities are there for the use of the members of parliament and you are paying for it, so why not use it."

Mr. Peddle said he would like to visit all of his riding but sometimes it seems hopeless to cover such a vast riding in the way it should be covered.

"I don't want anybody to complain about the lack of communication between their elected member and themselves including Labrador. I just don't want to hear about it. If any of you feel that that is the situation, while I may be somewhat to blame, I feel that you too are to blame."

Mr. Peddle went on to say that we have a situation in this area now which makes residents the innocent victims because of a situation in a neighboring province.

"I didn't come here to offer solutions. I don't have any solutions," stated the Grand Falls-White Bay-Labrador MP.

He said he acted immediately when he received a communication from the local

Chamber of Commerce in connection with the movement of necessities by train from Seven Islands for the area. He brought the situation to the attention of the minister of transport.

"Basically, this is a problem in transportation and I understand the situation involving the movement of essentials only has been resolved."

Mr. Peddle made the remarks at the annual meeting and election of officers of the Labrador West Progressive Conservative Association held at the Canadian Legion Club in Wabush last Friday.

Meanwhile, Peter Walsh, who was re-elected by the association told the gathering the current strife in the Liberal Party is attributable to a number of personalities but mainly to the premier who is

running scared and is thinking by convention time he may flunk out "and some of his buddies for the past 20 years may wind up walking the streets."

He said that Premier Smallwood called the leadership convention for one purpose and that being, "the usual throwoff to the voters of Newfoundland and Labrador and now he wants to squirm out of it."

Mr. Walsh stated that the premier may spring another election "and I hope he does exactly this."

This, he said, will give the Progressive Conservative Party a much better opportunity to form a very solid group which will give us the opportunity "to pull some of the skulduggery and the con-work that's been going on for the past 20 years--to pull it out in the open and show it to the taxpayers for what it is."

## Japanese cars making inroads in St. John's

One of the more significant developments on the imported car scene in the last year or so has been the arrival of Japanese automobiles on the Newfoundland Market.

A drive around St. John's these days makes it obvious that the Toyota, Datsun and Isuzu are popular and are making a big dent in the small car field.

The dealer for the Toyota in St. John's is O'Neill Brothers garage on Topsail Road. They became Toyota dealers in January.

The Toyota Corolla and Corona are selling about equally well for them, and they also are selling a number of the more expensive Crown. O'Neill Brothers are also the dealers for the Isuzu, a small car that Dick O'Neill says is very popular on the mainland. Isuzu has an assembly plant in Nova Scotia. The Toyotas are imported directly from Japan.

Most people want to buy automatics, says Mr. O'Neill, and

these are available for the Toyotas, but the Isuzu, not yet as common in Newfoundland as the others, is only available as a standard at present.

The Toyota Corona was recently chosen as the Imported Car of the Year by an important American automobile magazine.

Silver Star Motors Limited, also on Topsail Road, is the agent for the Datsun. The company became the agents for Datsun late in 1967 and report that their sales are also going well.

Datsun offers a variety of models including sports models, a station wagon and a pickup truck.

The Japanese cars are attractive to buyers for a number of reasons including their low price, design, and mileage per gallon of fuel. Most owners seem to be well satisfied with their vehicles, so no doubt the Japanese cars will become increasingly popular in the province.

## Guides and Brownies have successful year

It has been a gruelling winter for all of us but for those in Guiding it has not been without its rewards. Many bright eyed little girls have become Brownies and Brownies have earned the right to become Guides and next year Guides may continue their interest in the movement through the Rangers.

In Labrador City, the final meeting of the local association was held on Monday, June 2, with the main point of business being the election of officers.

The new slate is as follows: Mrs. Bess Bradshaw president; Mrs. Patricia Ryan, vice-president; Mrs. Dorothy LaRose, secretary; Mrs. Jean Hoskins, public relations secretary; Mrs. Etta Little, treasurer; Mrs. D Jenkins, badge secretary; and Mrs. Joan Campbell, transportation convenor. Immediate past president is Mrs. Joan Robertson.

The Association worked hard to earn about \$2,000 through the year. However by the time leaders uniforms were purchased and other expenses met, the year end balance is about \$200.

Mrs. Betty Hardie, district commissioner, reported plans for a Girl Guide Camp to be held at Duley Lake from July 19-26. Any girls interested in attending may pick up an application form from Mrs. C Granter, 716 Richard Crescent. All applications must be returned not later than June 30. There is also an urgent need for helping hands to make the camp a success. Any guider, local association member or parent available for these dates should contact the Camp Commander Mrs. Elizabeth Granter at 944-5421.

Congratulations go to Mrs. Helen Curran who has received her Tawny Owl warrant.

There is still a small stock of Girl Guide cookies available and anyone interested in receiving some may call Mrs. Agnus Greene at 944-2316.

Mrs. Hardie also states that she expects a few vacancies to occur among the various Packs and Companies through the summer months and she will be needing volunteers. Anyone

interested in helping with guides or Brownies should call her 944-5366. Previous experience is not required.

During May, Mrs. Pat Hiscock, Brown and Blue trainer, arrived from Newfoundland to hold training sessions with the Guiders of Labrador City and Wabush. One session was devoted to the Patrol System.

In Wabush, many of the guides received their First Aid and Home Nurse badges. A special note of thanks goes out to Miss Joanne Geldart and Mrs. Scott Marshall, R.N. for the time they devoted to instructing these classes.

The weekend of May 9-10 was designated Cookie Day.

Early in May the First Wabush Brownie Pack had an unusual and interesting meeting. Mrs. Grace Ambler, wearing Thailand National dress, described life in Thailand and showed slides of that country.

This seems to be the extent of our news for this month so until September we will take leave with these thoughts from the Guides World Song:

"All those who love the true and good

Whose promises were kept

With humble mind whose acts were kind

Whose honour never slept.

These were the free and we must be

Prepared like them to live.

To give to all both great and small

All we can give - All we can give."

### You Are The Detective

At 6:15 this evening the distressed-looking young man, Roger Scott, admits you to the apartment which he has been sharing with another young man, Thomas Byers. Now, on the floor of the sitting room, lies the body of Byers, a bullet hole in his right temple and a gun lying on the floor near the outstretched fingers of his right hand. The police doctor who is standing nearby tells you he has completed his examination which tells him the young man has been dead for at least two hours.

Roger Scott now speaks up. "Tom was always a fine roommate . . . always fair about sharing expenses and such. But he did have a violent temper, and was inclined to flare up over the most trivial matters. Earlier this afternoon . . . I think it was about two o'clock . . . he went into one of his tantrums because he noticed that I had borrowed one of his ties. We exchanged a few words . . . then I left him here to cool off. I went to the Midtown Cocktail Lounge, had a couple of drinks, then left there about 3:30 and took in a movie. I came back here just a few minutes before six o'clock and found Tom lying there on the floor . . . dead!"

You point a finger at the dark blood stain on the right cuff of Scott's white shirt. "Did you touch the body?"

"Oh, yes . . . I did," he admits. "I wanted to see if possibly he was still alive. I tried to feel for a heartbeat and I remember my sleeve brushing against some of the blood on the side of his head."

"Whose gun is that?"

"It's mine . . . I have a license. Tom, of course, knew that I kept in my dresser drawer."

You gaze reflectively at him for a long moment then say, "I'm afraid you'll have to come to headquarters with me. I'm somewhat dubious about some of the testimony you've given me."

Why are you suspicious of Roger Scott's story?

### SOLUTION

According to Roger Scott's story, he found Tom Byers dead at about six o'clock and had accidentally acquired the bloodstain on his shirt cuff while examining the body at that time. But the doctor has told you that Tom Byers has been dead for at least two hours, and in that time the blood would have long been congealed and would not have stained Scott's shirt cuff.

## Canada sent 7,619 tons of food

OTTAWA (CP) - Canadians have shipped 7,619 tons of food and medical supplies to Nigeria since the Nigeria-Biafra civil war began two years ago.

Figures tabled in the Commons Monday for David MacDonald (PC-Egmont), showed the first contributions from Canada - 7,459 pounds of medicine and 25,000 pounds of salt cod - arrived in Lagos, the federal capital, by military aircraft on Aug. 5 1968.

The remainder of the food and medicine was sent by boat. The Silvercrest, which docked in Lagos in November, 1968, carried 20 tons of milk and egg powder from British Columbia, 3,769 tons of salt cod from the Canadian Red Cross and the Canadian International Development Agency and 116 tons of hospital supplies, honey, cheese, powdered milk and corn from Ontario.

Some of the supplies were unloaded at Santa Isabel Nov. 12, 1968, and the remainder at Lagos, Nov. 15.

## PERSONAL

Anatolio Barbosa, of Wabush, was guest of honor at a farewell party given to him by the Recreation Centre staff, the life guards and his many other friends, last Saturday.  
Tony has worked at the swimming pool for the past two years, and is now returning to his home in Portugal.

# SAUNDERS SNELL WEDDING

The marriage of Wanda June, daughter of Mr. and Mrs. Lorne Snell, of Labrador City, to James Ludlow Saunders, son of Cpl. and Mrs. Lloyd Saunders, Grand Falls, took place on Friday, June 6 in Carol United Church. Rev. Stephen Collins officiated at the double ring ceremony. Miss Doreen Coole played the wedding music and the bride was given in marriage by her father.

Mrs. Anne Healey acted as matron of honor for her sister and Miss June Saunders, sister of the groom, was bridesmaid.

Miss Jeannie Laing was flower girl and Tommy Anderson was ring-bearer.

Bill Saunders, brother of the bridegroom, acted as best man for Mr. Saunders, and ushers were Arthur Healey and John Anderson.

After the ceremony, a supper was served in the church basement which was followed by a reception at the Royal Canadian Legion, Labrador City.

The happy couple are now spending a honeymoon in New York and touring the Maritimes.

They both graduated from Memorial University, in May, with a physical education degree and have accepted teaching positions in Corner Brook.

MR. and MRS. JAMES LUDLOW SAUNDERS, following their wedding June 6, at Carol United Church, Labrador City. Mrs. Saunders was formerly Miss Wanda June Snell, daughter of Mr. and Mrs. Lorne Snell, of Labrador City. Mr. Saunders is the son of Cpl. and Mrs. Lloyd Saunders, Grand Falls, Nfld.

The sacrament of Confirmation was administered by the bishop of Labrador-Schefferville, Rev. H. LeGare on a French and English class at the church of Our Lady of Perpetual Help in Labrador City recently. French candidates (above) and English (below) Bishop LeGare officiated at a similar ceremony in Wabush during his stay. (Biron Photo)
