PUBLISHED IN LABRADOR WEST, WEDNESDAY, OCTOBER 15, 1969

Price 10 cents.

TRAP COMPETITION - The Woolworth Trap Doubles competition was held last weekend, with the entrants competing for the highest number out of fifty targets. Out of twenty-four entries the five successful winners are shown above: (L to R) J. Walsh, 3rd, Calude Corbiel, 1st., M. MacCormick, representing Woolworths, Bill Giblin, 4th, Bob Caverly, 2nd., and John Caverly 5th place winner. (Biron Photo).

FASHION SHOW HELD - 200 ladies of the Labrador City- Wabush area had a very enjoyable evening, October 9, when a fall fashion show presented by Ayre's of Wabush was held at the Ashuanipi Social Club. The Anglican Church Woman Association of St. Paul's Church was the sponsor. Miss Derrice Pafford, Fashion Buyer, for the firm was introduced by Mrs. Ruby Gavin, President of the Association. Miss Pafford did the commentary as each model came forward. The first to be modeled were kiddies and teens fashions and little Wendy Miller and Paul Marche stole the show. The following young models were equally beautiful: Misses Carolyn Rendell, Nola White, Elaine Little, Joanne Knee, Gail Miller and Nena White. The ladies, all members of the Anglican Church Woman Association, are to be commented for their very professional-like performance. They were as follows: Mrs. Grace Grant, Gladys Marche, Dulcie Gosse, Genevieve Knee, Millicent Miller, Anzley Warner, Sandy Slaney, Cathy Osmond and Miss Barbara Lynch. Mrs. Mary Sheppard entertained the gathering during the intermission. She was accompanied by Miss Doreen Coole on the piano. Coffee, Sandwiches and sweets were served. Mrs. Anne Hicks won the door prize.

Premier visits Labrador

Premier J.R. Smallwood visited Labrador West last Friday when he arrived by Binco Jet for a meeting of his supporters in the C.E. McManus School.

Approximately two hundred residents of the area turned out to hear the premier. Mr. Smallwood in opening the meeting expressed his appreciation to all residents for the support shown him by the election of his delegates.

The premier emphasized that this was one of the greatest rewards so far, that was to win Labrador West, "I would prefer to lose all districts on the island than Labrador West," he said, by the election of delegates, the people of Labrador City and Wabush have shown their appreciation for what I have done for Labrador."

Mr. Smallwood said that the day is long gone when the island of Newfoundland looked upon Labrador as a place to be milked. The premier said that one of his top priorities, "and this was not an election promise", was to immediately commence negotiations with the province of Quebec and the Federal Government at Ottawa to ascertain the feasibility of building a road connecting Labrador West with the mainland.

The Premier also stated that Brinex, a subsidiary of Brinco would be spending approximately from Churchill Falls to Goose Bay, and he foresaw in the not too distant future, other towns within this area.

The premier left for Goose Bay on Saturday morning.

These are some of the boys who will tangle with the St. Mary's University Huskies from Nova Scotia, when they visit the area for an exhibition game on Saturday, October 18. The above photo was taken on Friday Night past when part of the all star team were putting in a practice session.

School sports busy & active

The Labrador West Inter-Scholastic school sports have a very busy and active program.

The Young students and their coaches of the J.R. Smallwood Collegiate Wabush and Notre Dame Academy and the Labrador City Collegiate have been playing soccer since shortly after school opened. Their practices are cut short and the hours between 4 and 6 as well as on weekends seem to be full of action. Collegiate has the edge with one win and leading in three of the four divisions.

The Senior girls, coach by Miss J. Gilbert, have won in their best of five game series. The Junior girls, under Miss Gilbert, are leading in their series. The Junior boys under the coaching of Mr. Collins, in their home to some double round robin series have won 2 out of three games played. The Senior boys coach by Mr. S. Walters have won the first game played in their double round robin series.

Community Concerts will open membership campaign October 20

After a change in plans, the Labrador Community Concerts Association, of Labrador City and Wabush, will open their Membership Campaign on Monday, October 20, 1969.

The Campaign is, this year again, under the direction of Mr. Leo Meewis of Labrador City. He is being assisted in the directing of the campaign by Mrs. D. LaRose of Labrador City and Mrs. I. Timmins of Wabush.

Tentatively, the executive of the association has arranged "hold" agreement with: Anthony di Bonaventura, a talented pianist, John Stewart and agreeable tenor soloist, and a Choral Group who sing both folk music and other arrangements.

During the week commencing on October 20, 1969 and continuing to Saturday October 25, 1969, workers will be trying to call on all residents in the communities, to invite them to take season membership in the association, and arrange to enjoy the concerts which have been

mentioned previously in this article.

The Community Concerts Association has been active in Labrador City and Wabush for some five seasons, and in spite of this, and because of the arrivals and departures of residents, there are probably still many people who do not know just exactly what Community Concerts Association is, for their benefit, I will give a short explanation:

The Community Concerts Association is formed by like-minded musically inclined people in a community, who through arrangements with the Columbia Artists Association of New York (an association which makes the concert bookings for a great many artists) will arrange for a series of concerts to be given in the community. The fee charged by the artists are paid from the membership fees paid to the local association by those who join the association. The "capitals" of the association is the total paid-up membership fees of the members, and this amount is the total available for artists fees. The local association must pay only the artists' fee, and any other expense is borne by the artist himself, such as transportation and hotel expenses. The amount of money available is divided by the executive among the choice of artists (offered by the New York Association) which seem most attractive to them. The concerts are usually spread over the six

month period from October up to Early May. Three and sometimes four concerts can be arranged, depending on the interest shown, and members who join the association each year. Only those with membership cards are permitted to attend the concerts, so do not regret, join next week and make sure of several pleasant evenings in the months which lie ahead.

For further information, telephone 944-5109, 944-2450 and 282-3255 and someone will arrange to pick up your membership fee.

Smokey Mountain newsletter

The pre-season conditioning course for skiers and would-be skiers continues on the following schedule:

BOYS' & GIRLS' AGES 7 - 11: 6:30 - 7:30 p.m. Wednesdays; Notre Dame Academy Gymnasium.

BOYS' & GIRLS' 12 and over: - 6:00 - 7:00 p.m. Thursdays; Labrador City Collegiate Gymnasium.

ALL AGES

1:30 - 3:30 p.m. Saturday and Sunday - Smokey Mountain Ski Club.

Your membership campaign is still on and we urge that you mail your application forms TO-DAY. Remember, only three short weeks left, to save \$5.00 late filing fee. A snow-packer has been ordered and should be here early in November, meaning that the Ski season will be starting earlier than usual. So join NOW!

New trails have been cut on both lifts and are in the process of being cleaned up at present. These should offer some interesting runs to all classes of skiers.

HISTORY OF KISSING

Scientists think they have tracked down the origin of kissing. They say it began because of a craving for salt. A caveman discovered that he could cool off on a hot day by licking his neighbour's cheek. According to one source he soon discovered it was a lot more fun if that neighbour chanced to be a female. About that time he forgot all about salt. Do you believe that?

Here 'n' There

CHURCH SHIFT: Perhaps the strongest evidence of changing times in the Christian churches is when priests are able to alter decisions of their superiors in the church hierarchy.

The decision of the Roman Catholic Archbishop of Ottawa, the Most Rev. Joseph Aurele Plourde, to remain in his 120 year old residence rather than move into a \$130,000 home is proof of the change.

Some of his diocesan priests criticized the purchase of the residence on the grounds that it went against the religious virtues of charity and poverty. After "extensive consultation" the archbishop decided not to occupy the home.

Such is the strength of "father power" in today's world.

LABRADOR BUILDING UP: There will be a 23% increase in construction in Newfoundland and Labrador this year but construction on the island itself will be down. This word came from the Canadian Construction Association. An official of the association said the Dominion Bureau of Statistics foresees a volume of about \$263 million in construction in the province this year, an increase over 1968 of 23%. However, this increase can be attributed to the work being carried out on the giant hydro project at Churchill Falls. On the island itself, indications are

construction will be down 10 or 15 per cent. There will be 17,000 workers employed in the construction industry. Wages paid will total about \$108 million.

Charles de Gaulle is "henpecked" by his wife, the nephew of the former French president said. Writing in a London publication, Alain de Gaulle said the general's wife insists on taking complete charge of the budget and once told her husband, "You're running France, I'm running the house."

Quebecair Ltd. of Montreal has applied to the Air Transport Committee for permission to provide air passenger jet service between Montreal, Toronto and White Plain, N.Y. and the twin cities of Hartford, Conn. and Springfield, Mass. Quebecair now operates passenger services between Montreal, Quebec City and points in northern Quebec and Labrador. Two 74 - passenger B A C - 111 twin jets would be used for the proposed service.

Glamor and fringes get heavy stress in recruiting secretaries in the U.S. The fierce competition for secretarial help prompts many employers to sell office

The Editor,
The Aurora

Dear Sir:

Re: Smokey Mountain Membership Letter to the editor, September 24th issue. On behalf of the Smokey Mountain Ski Club, I would like to thank "A Member" for his recent critique of the Ski Club operation. The problem of teenage drinking and gate-crashing by non-members, is a very real problem, although not exclusive to the Ski Club. I can only assure you that this condition has been rectified and shall not occur in the future.

As you are well aware, 1969-70 is shaping up to be the biggest and best in the Club's history. A variety of functions have been planned, culminating with the Canadian championship races in March. To provide these functions, a great deal of volunteer help is required and although you have indicated that you have not been too active in the past, I trust that this letter is indicative of a renewed interest in and a genuine desire to improve, this year, your ski-club.

I can further assure you that the question of social memberships has been considered by the Board of Directors. Social Memberships were discontinued a few years back due to the large increase in members and also to the fact that this is primarily a ski-club. Other facilities are available in town for strictly social functions; whereas our prime concern is, and must remain as, the provision of a first class ski facility, both for the family skiing pleasure and for the development of Junior Racers.

Looking forward to seeing you and all members out enjoying a full ski season, in the near future, I remain.

Yours truly,
Tom Keough, Vice-President
Smokey Mountain Ski Club.

atmosphere. "Join a company, that's 'with it,'" says a Bechtel Corp. ad. "Here you'll work with people tuned - in to today." Interviewers at a West Coast computer firm emphasize that company managers have that "30 - to - 40 - year - old look, not a 50 - to - 60 - year - old look." The Washington Post, seeking a secretary for its editor, proclaims: "Work in the exciting atmosphere of a metropolitan daily news room." In San Antonio, United Services Automobile Association operates a day - care center for children of secretaries and other employees. However, money remains the major recruiting tool. Los Angeles' World Placement Agency estimates highly skilled secretaries are now getting \$625 to \$700 a month, up about 20% in two years. "Girls will switch jobs overnight for a company that pays a higher salary," observes an official of a Memphis employment agency.

Comment in the New Statesman, London, on the very rare adverse side effects of "The Pill": "Let authority search out these risks — expose them — warn us of them — seek to reduce them. Let them do all these things constantly and with vigor. But when it comes to decisions which ordinary, ignorant people are quite capable of making for themselves — personal decisions which can be taken without harm to the rest of society — then let authority just mind its own bloody business."

Canadian Broadcasting Corp.'s new 10,000 watt radio transmitter at St. Anthony, Nfld., started operations recently. The station, CBNA, broadcasts the programs of CBY, Corner Brook. With four low power relay transmitters, CBNA provides radio service to the approximately 26,000 people of the Great Northern Peninsula.

Lighter side

Lord Raglan did it for the cut of a coat. Lord Cardigan for sweaters. Empress Eugenie for hats. Diamond Jim Brady for stickpins. Mae West for lifejackets. And last year it was suspected that the Prime Minister of Canada might do it for full-length coats. Now it's official his name has its niche in the fashion's hall of fame.

You could read all about it in advertisements last month. "The ultimate masculine fur as shown . . . in the Trudeau manner. \$1,495.00." Just the thing to give extra comfort to the man already warmed by his Stanfields.

The teen - age boy slid reluctantly into the barber's chair, and glared at the man as if he were his executioner. "Are you," he asked suspiciously, "the guy who cut my hair the last time I was in here?"

"That's hard to answer, son," sighed the barber. "I've only been here a year."

LABWAB

Tonight we were settled down to the typewriter and a long dissertation about a Labwab family in the year 1975 and how they were to journey from Labrador through the Republic of Quebec via THE ROAD and thence to the Island of Newfoundland on their annual vacation. It was to be a smart bit of satire. However, in view of happenings in Quebec, and more particularly in Montreal, in the last few days and hours, we can see no use or accomplishment in our words. So that's that.

Instead we look to Newfoundland in the present and the remarkable state of affairs we have going for ourselves. On the one side we have the Conservatives, a small energetic group fighting to gain power and at the same time trying to inform the public that the Smallwood government has governed itself into a situation from which financially there is no return. On another side we have The Crosbie action saying the same thing, except that their rulings, if such could be heard, would be the business-like way of picking up the pieces, laying on the know-how and generally smartening up the government. On a third side we have

(here in Labrador at any rate) a group who believe that if they were to tag along with any one of the others, Crosbie, Smallwood, or Conservatives, they could at least, contain, defeat, or add to good sense, when they see it. The final faction is the all powerful Smallwood Government itself, busily writing books publishing bulletings, travelling hither and yon promoting great deals, and finding new ways of distributing largesse to all and sundry, with promises of more to come.

Now that we have seen what we have to put up with, leave us tear them all down to as few words as possible, and see what we think. O'Kay what does one think now;

The New Labrador Party.....Sensible; action - but why those demonstrations?

Crosbie.....Questions on money matters; Shrewd sensible business - no further comment?

The ConservativesHonest opposition to poor government; no power to carry the battle.

The GovernmentGreat projects; powerful friends; great sources of money;

grand visions; accomplishments —yes; dough —no; waste—yes.

All this leaves us up in the air, should we do something different and try being independent, give the opposition a chance to see what they can do with the resources we have, play along and feel that things will get better, or switch to a situation which promises more of the same with different people at the helm?

Actually T-Dor is in as much doubt as anyone else, we don't know which way to turn, and have not too much political or economic sense. There is one thing which bothers us however, and this is short and to the point, and we haven't heard mention of it to any great degree. And it goes like this:

Away back in the early fifties all over Canada and the U.S. were a great many small farmers, many of them World War II veterans. These fellows were in the chicken business which was the thing to do in those days. After a while there were more chicken farmers than there were people who wanted to eat chicken. In fact as a man became more affluent he ate beef. All these chicken farmers became worried about this, and by the

time the early sixties rolled around they had done something about it; they became organized, they advertised, they formed associations, they promoted chicken-in-the-basket, they boiled it, fried it, baked it, and barbedued it - ate it and sold it. Now this was fine for the chicken business and today everybody is still eating chicken.

Now our question is this. When is someone going to promote the FISH business and get everybody eating fish. There may be a buck to be made in that direction and it is high time a product was sold for quick cash on the barrel head rather than borrowing money on our long range mining and industrial potential and handing it out free gratis in every direction, and waiting years before any profit is seen.

Of course, this is only T-Dor talking and maybe the world is no more interested in eating fish than it is in coming up her to Labwab to spend money on camping and tourism.....Or is it?

Yours,
T-Dor

THE WABUSH SKIN DIVING & SCUBA COURSE was completed recently for Red Cross Instructors were Ron Brophy, Norm Genge, Brian Fillmore. Dr. Colin Moseley and Garland Jennings. Examinations were given at Wabush by Mr. Milton D'Ganigian, Aquatic Director of Montreal Downtown Y.M.C.A. at the completion of the 80-hour course. Shown in front, left to right, Donna Worthleboer, Norm Genge, Brian Fillmore, Milt D'Ganigian, Ron Brophy, France Belanger, Back Row, left to right; Wayne May, Dave Rowsell, Art Latto, Rollie Dawe, Mike Timmins, Eric Williams, Hardy Warren, Bill Rough, Fintan March. Other activities at the Wabush Swimming Pool include weekly swimming instruction for 290 Wabush school children, 11 new adult Red Cross swimming courses in which 180 people are registered for the 12 week courses and a public skin diving and scuba course with 18 people participating. 250 Labrador City pupils also use the pool two afternoons weekly and a children's swimming class is held

each Saturday morning. 14 public swimming sessions are scheduled weekly, so that the pool receives almost continuous use from 9 a.m. to 10 p.m. daily. Plans for the winter include another Red Cross Water Safety Instructor's course, another Royal Life Saving Society Life Guards' course and another Y.M.C.A. skin diving and scuba course. These courses cover all practical aspects of the particular course involving a great amount of pool time plus classroom subjects such as physics, chemistry, physiology,

compressed air and regulators, breathing apparatus, First Aid and artificial respiration. Wabush is fast becoming one of the most advanced Water Safety centres in Canada with hundreds of people now using the swimming pool. Most of this improvement lately has been due to the volunteer efforts of a fine group of 24 Red Cross Water Safety Instructors and Royal Life Saving Society Lifeguards who donate a combined 72 hours weekly to instruction and life guarding at the Wabush Pool.

Lighter side

HEAVENLY DIVIDENDS: A man who did odd jobs on the weekend remarked to a friend, "But I never work on Sunday except for the Lord."

"What's the pay?" his friend asked.

"Well," said the weekend worker, "The pay isn't so hot, but you can't beat the retirement plan."

THE AUCTION SALE: Bidding for various objects was proceeding furiously, when the auctioneer suddenly announced, "A gentleman in this room lost a wallet containing \$1,000.00. If it is returned he will pay a reward of \$200.00." There was a moment's silence, and then from the back of the room came the cry: "Two hundred and ten!"

WABUSH HOCKEY LEAGUE HOLDS ELECTION OF OFFICERS

The Wabush Industrial Hockey League held its annual meeting and election of officers last week. Gordon Martin was returned as League President for his second term. Jim McCarthy was elected to Vice-President to succeed Yvon Morin who resigned. John Mercer took over the Secretary-Treasurer position from James Adam who also stepped down. Mr. Adam gave last year's financial statement which showed a bank balance of some \$650.00 with all bills paid. This would give an indication of the tremendous success of the league which started from rock bottom last season and supplied five teams with uniforms and equipment. About one hundred players registered in the well-organized league last year and this number is expected to increase this season with the addition of a new team. The league banquet and presentation of awards is scheduled for Friday, October 17, and this year's regular schedule is expected to start around November 4.

Lots of luck to the new executive and a word of thanks to last season's executive.

CONTRACTOR HOLDS BOWLING TOURNAMENT

Roger Forest Inc., a Montreal Contractor working in Wabush, treated its employees to a bowling tournament last week. Gilles Chausse, Supervisor of the contract, organized the four team tourney. Each team carried four bowlers. Winning team in the event was Rosaire Paquette's team. With Paquette was R. Bouchard, R. Belanger, and M. Deschenes. They defeated H. Morrissette's team in the finals. A celebration followed the tournament.

MEN'S TEN PIN BOWLING STATISTICS

After two weeks of bowling in the Wabush Men's Ten Pin League the standings are as follows:

Thunderballs - 11 points; Alley-Cats - 10; Engineering - 9; Ayres - 9; Electricians - 9; Drop-outs - 7; One coaters - 7; Good guys - 6; Hotel - 5; Royal - 5; Foresters - 4; and Quebecair - 2.

High Single for October 8 went to E. Russell of Ayres who rolled a 210.

John Mercer was deadly as he rolled up scores of 201, 203, and 201 for High Triple of 605. This score early in the season should really give the boys something to beat.

BRANCH 57 DARTS LEAGUE OPENS NEW SEASON

Wabush Legion Branch 57 opened its darts season last week with 12 teams. Players must have kept in good shape during the off-season as some good scores were rolled up. H Hynes and K.C. McBane had high 3 darts - 134 each. Other good scores included, 129 by N. Fetham, Derm Cole - 128, Wilson Hart and John Roberts each had 125 scores, Gus Pike and Ed Kelly hit the 120 mark, Ed Power - 118, Mike Burke and Cyril Winsor are other honorable mentions with 117 scores. Fourteen other players registered a run or better. Russ Martin had most skunks for the night - 33. High averages were Wilson Heart - 148 and Tom Hynes 143. Each player played 6 legs.

SPORTS SHORTS

St. Mary's Huskies clash with Labrador All-Stars at the arena on October 17 & 18. Labrador City Badminton Club is presently seeking new members. Sessions are held every Wednesday at Notre Dame Academy.

Wabush Industrial Hockey League will hold a constitutional meeting on Tuesday, October 21, to make amends to the Constitution in preparing for the new season.

mind teaser

A company of soldiers on a forced march are able to average 3 miles an hour while marching uphill on their particular route, and 5 miles an hour marching downhill. If these men march 60 miles in 17 hours, uphill and downhill (assuming of course that they keep walking all that time), how many miles of their march are uphill?

ANSWER

37-1/2 miles. Subtract product of 60 and 3 from that of 17, 3, and 5; divide by the difference between 5 and 3.

Arena schedule

Scanning the market

By C.S. DEVINE

How to get more from your trading dollars. Or making a little do the work of a lot.

A call option is purchased for the purpose of limiting the amount of loss in a security, investment or speculation, while giving the purchaser unlimited opportunity for profit. (From its report on call options by the U.S. Securities and Exchange Commission.)

A call option on stocks is just what its name would seem to imply, an option to buy stock for a fixed price if that option is exercised within a set time.

Important to successful call option trading of stocks is a reasonably active market in which prices fluctuate. Options serve a very real purpose in the business life of the community. An example might be that of the real estate developer. He dare not buy a building lot while he is still planning his project because so many things could crop up to make his project impossible; thing like rezoning, changes that are not approved, financing that doesn't come through as he expected, and son on. If he get's over these hurdles, then he exercises his option, but if he has bought the property outright and found he couldn't go ahead with his project, he would be left with a piece of real estate he could not use. The option was a reservation, a sort of hold order until he had all his arrangements completed.

A call option on stocks works very much the same way. For a fraction of the value of the stocks concerned, an option holder secures the right to buy that stock before the expiry date of his option at the price agreed to. If the selling price of the stock has risen during the life of his option, he then can buy in it at the option price, and sell it at the market.

Options on share are usually sold in 100 share blocks, and, by and large, are on more speculative issues which have a demonstrated record of volatility. In Canada stock call options are usually for 60 or 90 days.

A call option is a document with a built-in flexibility. And any time during its life the option holder can exercise his right to buy stock at a price that was set several weeks or months before.

Take it, for instance, that he has a 90-day option on Western Labrador Mines. At the time he bought his option on 2,000 Western Labrador shares, it was trading at 80c. He then watches it move upward, and when the stock hits \$1.20, a rise of 50% from its option price, he decides to take his profit. He in effect sells short, backed by his option which tells all that he has a call on the stock. He was able to make the transaction without declaring a short position, for which he would otherwise have to post 200% margin. The traders profit, then, would be the difference between the cost of Western Labrador Mines at the time his option came into effect and the selling price, less, of course, the cost of the option, which dealers refer to as the premium, plus the usual fees entailed in a stock transaction.

THE CALL OPTION IN WESTERN LABRADOR MINES

Here is how the hypothetical Western Labrador Mines call option transaction mentioned above would work out. A 90-day call was taken on 2,000 shares of Western Labrador Mines 16 Oct. 1969 when it was selling at 80c per share. This is the contract price. The option expires 14 Jan. 1970, after which time it has no value.

Contract price 2,000 shares	\$1,600.00
Premium	160.00
Brokerage Fee	16.00
Total Outlay	176.00

If the stock goes up to \$1.20 and he sells it, this is what would happen.

Net Proceeds after brokerage fees	\$2,349.00
Cost of stock, 2,000 @ 80c	1,600.00
Premium & Brokerage Already Paid	176.00
PROFIT ON HIS OPTION	\$573.00

If we consider that this trader's total outlay was, \$176.00 his profit is 226%.

It might be very interesting to give it a try.

The lighter side

A businessman visited his banker and asked, "Are you worried about whether I can meet my note next month?"

"Frankly, I am," confessed the banker.

"Good," replied the client. "That's what I pay you eight percent for."

A young mother approached the toy store clerk and said she wished to buy her son his first bicycle. To her disappointment, she learned the store had only tricycles left in stock.

"How old is your son, madam?" inquired the clerk.

"Why, he's going on for seven."

"Then go ahead and buy a trike. In a week or two, one of the wheels will fall off."

From a recent copy of the Daily News: Minister of Mines, Agriculture and Resources, William R. Callahan said "if Mr. Crosbie's plan was to be implemented two-thirds of

those students now attending Memorial University would be forced to leave the Logger's Union in Grand Falls."

From the London Evening News: "Two men were shot, one in the foot and one in the leg, when police fired over rioters' heads in Londonderry".

Osaka, Japan, Chamber of Commerce & Industry's Guide to Merchandise: "It is suggested that sellers and buyers, when making transactions, should refer respectively to the bankers as to the credit and morality of the other party."

TOP PRICES: He has just a few thin, straggly hairs on top, Hardly enough to brush or comb, which then stop. Inches above the slim ring of fuzzy fringe that upon his ears always seem to imbringe, all of which bothers him when, to look nifty he must pay the barber the full two-fifty.

CNIB schedules campaign

The CNIB Labrador Advisory Board announces the date for its annual appeal for funds in Labrador City and Wabush. Mr. James Lafitte, treasurer of the Labrador Board is conducting the campaign with Mr. Ed. O'Brien as Chairman of the Labrador City Collection and Mr. John Barrow heading up the canvass at Wabush. Campaign dates in Labrador City and Wabush, are from October 1 to the 18th.

Mr. Lafitte stated that the board hopes to raise \$3000.00 in Labrador City and Wabush in aid of CNIB this year. The money will be used to finance CNIB

services to the blind in Labrador. Mr. Lafitte stated that the follow-up to the Sight Defect Detection Survey conducted in Labrador City and Wabush two years ago is being carried out by nurses living in the area. The Board is hoping to arrange to have an ophthalmologist visit Labrador City and Wabush regularly.

The campaign is also being conducted in other parts of Labrador at this time. The collection at Goose Bay and Happy Valley began on October 6. The over-all objective for the campaign in Labrador is \$5,000.00

Social and Personal

Back from a visit with their sons in New York and Toronto are Mike and Mary Hickey. While away they visited the Andre Beaulieu, former residents of Wabush, now residing in Montreal. The Beaulieus are well and happy and say hello to their friends back here.

Also back in town are Mrs. Ron Brophy and baby daughter who were away from Wabush for the summer. Welcome back.

Bon voyage and best wishes to Orlando and Marie Isabelle Pereira and their four children Bella, Guita, Carlos and Tony who leave on October 15 for Fernie, British Columbia. The Pereiras came from Portugal more than four years ago and since that time have lived in Wabush. Their youngest child was born here. May the future make all their dreams come true.

Post Office cut-backs announced

Communications Minister Eric W. Kierans has announced the steps planned by the Post Office in accordance with the Government's anti-inflation guidelines.

These steps comprise a reduction in the number of forecast personnel for 1969-70 and a deferment of the planned extension of new delivery services. Savings to be effected are about \$11 million.

Instead of a budgeted increase of 2,154 full-time employees in the current fiscal year to meet the annual growth of demand, the Post Office will expand by 1,050. Total Post Office full-time strength (i.e. administrative personnel, field officers, letter carriers and postal clerks) was 36,258 as of July 31, 1969.

Further economies will be achieved by a deferment of the extension of new delivery services, like the introduction of letter carrier service to communities not now served by door-to-door delivery and to new sub-divisions in communities already served by letter carriers. Mr. Kierans emphasized however, that these economies would not affect the existing services and that new buildings, such as apartments, constructed within areas already served by letter carriers, would qualify for door-to-door delivery in the normal manner.

Beyond these economies, and those introduced earlier in the year, by the five-day delivery week, Mr. Kierans stated his confidence that further gains in productivity would be secured by the progressive introduction of recommendations contained in the reports of the special Task Force into re-organization of the Post Office. The bulk of these reports have now been received and are under study by Post Office officials.

Congratulations to Gaetane and Joan Santerre (nee Rogers) of Wabush on the birth of a baby girl born October 2 at the Capt. Jackman Memorial Hospital.

Congratulations to Max and Marie Ollerhead of Wabush on the birth of a baby girl born October 4th at the Capt. Jackman Memorial Hospital.

Lynn Diane were the names given to the infant daughter of Mr. and Mrs. Victor Croucher at St. Peter's Anglican Church. The Godparents were Mr. and Mrs. Croucher and Mrs. Lillian Corey.

The Anglican Church Women of Wabush would like to advise parishioners that they are starting a nursery in the church basement on Sunday, October 19. This will continue during each 11:30 a.m. service so that parents of pre-school age children can attend the service while their little ones are cared for, in the basement, by members of the association. This service is free - come and bring your little ones.

Congratulations to Miss Linda Parsons of Wabush, who recently graduated from the Grace General Hospital School of Nursing, St. John's. She is now holidaying with her parents, Mr. and Mrs. Riv. Parsons. Also happy birthday to Linda who celebrated a birthday on October 9. Other members of

the Parsons' family celebrating in October are Susan who had a birthday October 1; Barbara with a birthday on the 18th and baby Rodney who will be one year old on the twentieth.

Happy birthday to the following residents of Wabush: Philip Penney who was 8, October 1; Todd Walters, one year, October 11; Dorothy Collins, 17, October 13; Godon Martin Jr., 13 on October 10.

Happy birthday to Cyril Pafford of Labrador City who was 2 years old October 10.

Sorry to hear that Mrs. Kitty Dunsmore of Wabush has been

obliged to enter the Capt. Jackman Memorial Hospital. We hope you are well soon.

Welcome back to Gil and Louise Martin who were out for their annual vacation. Gil is employed at Wabush Mines and Louise at Dominion Stores.

Welcome back to William Reid who has returned to Wabush after being away for a year.

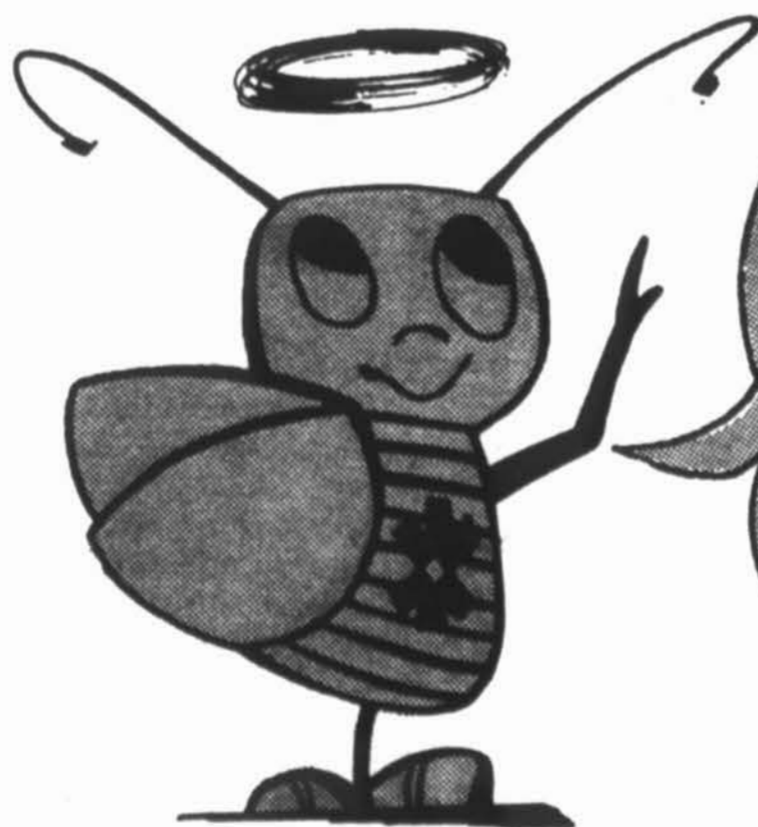

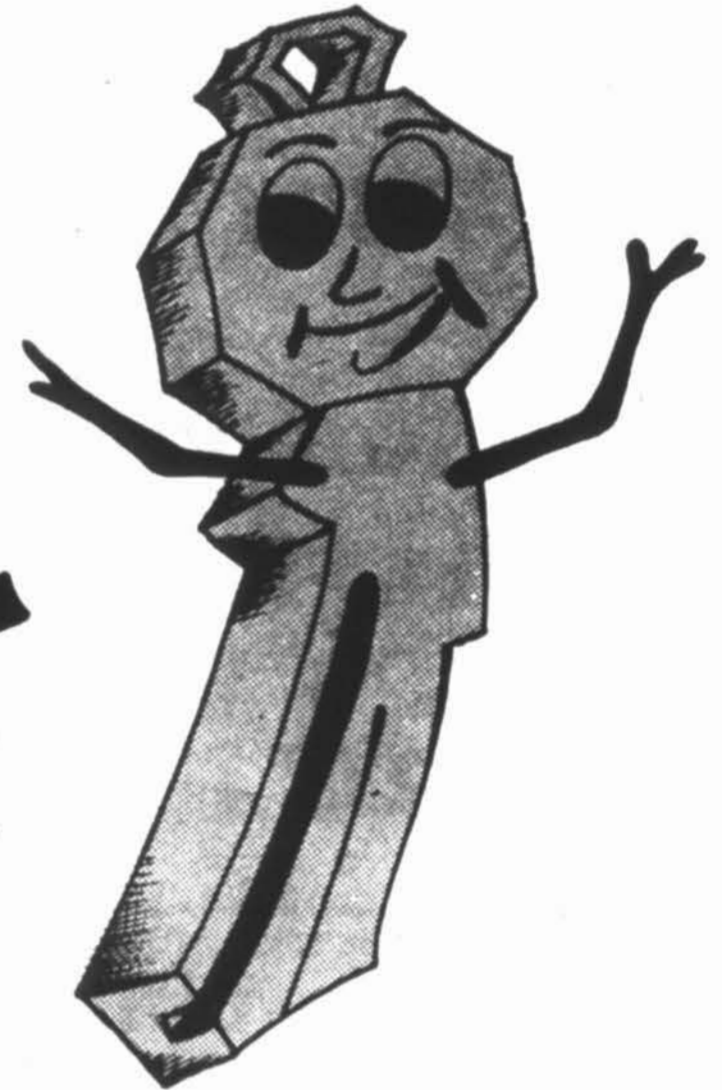

Back in town also are Mrs. Pat Vardy and children, who spent the summer on the Island.

Welcome to Dr. and Mrs. Ballard who have recently arrived from Yellowknife, to take up residence at Wabush. We hope your stay in our Town is a happy one.

District Cadet officer visits Labrador Corps

The Labrador Corps of the Royal Canadian Sea Cadets were honoured October 7 by a visit from the District Cadet Officer, Lieutenant Ted Giannou R.C.N. from St. John's, who came to carry out a Stores check of the Cadet Corps. While here he attended Parade Night and took the March Past. Thirty cadets, thirteen of whom were new recruits, were on parade. Lieutenant Giannou was pleased and happy with the excellent precision with which the drill and March Past were performed.

In attendance were Mr. Joe Ansara, Chairman of the Wabush Recreation Centre Board of Trustees (the recreation center is the sponsoring body of the group); Mr. Garnet Dunsmore, President of the Wabush branch of the Royal Canadian Legion; Mr. Mike Timmins, to be appointed Recreation Officer; Mr. David Rose, to be supply officer; Lieut. Ed Sacrey, Training Officer. Guests from the J.R. Smallwood Collegiate were Mr. Ray Rose, principal of

the Amalgamated High School and Mr. P. Mackey, Vice Principal of the Sacred Heart Section, who represented Mr. J.J. Rousseau, the Principal. All those present were very favourably impressed; and although the parade was not advertised to the public some parents did attend and thoroughly enjoyed watching their sons' performances. Greater things are promised for the Cadet in the near future.

The parade was under the command of Commanding Officer, Capt. D. McIntyre and Executive officer Lieut. R.J. Butler. The prayers were said by Rev. Wm. Bellamy.

The new cadets will be issued uniforms in three or four weeks. The officials of the Labrador Seat Cadet Corps advise that there is still room for new recruits. Any boy in the Labrador City, Wabush area who was thirteen on or before September 1st is welcome. The parades are held each Tuesday evening from seven to ten at the Wabush Recreation Center.

Speaking of sports

By JACK DROVER
EXHIBITION HOCKEY

The St. Mary's University Huskies will be in town on the weekend to open the hockey season with an exhibition series against the Carol Lakers. The Huskies are coached by former All-Star coach, Bob Boucher and are defending Maritime Intercollegiate Champions. This year Boucher has added 4 players to his lineup from the Eastern Hockey League in the United States and also Towell MacDonald, who last year played for the Los Angeles Kings. Those from the Eastern Hockey League and worth keeping an eye on are goaltender Chuck Goddard, defenseman John Murray, and forwards Ed Hebert and Ron Hinson.

Former Brave defenceman Alex Snow will be looking after the all-stars and will have many of the last year's players back plus Jean LeTourneau and newcomer Nev Hackett. Game times for the series are Saturday Night at 8:00 p.m. and Sunday afternoon at 2:00 p.m.

CURLING
The Carol Curling Club

began operations for another season last weekend. Instruction for all new curlers began on Thursday night and will be running all week. Anyone wishing to join the club can do so by filling out a membership form which is available at the Club.

MINOR HOCKEY

Minor Hockey is off to another early start as all teams have now been on the ice for at least three practices. Following practice sessions the season opens on Monday with an exhibition round to balance out the teams. The association needs referees and if you are interested in volunteering your services, please phone Whit Kean at 944-2621. This year's executive sees Bill West as President, Joe Dicks, 1st Vice - President, Alex Hicks, 2nd Vice - President, Ed Hunt, Secretary, Mrs. Audrey Fifield, corresponding secretary and Whit Kean, treasurer.

HERE AND THERE IN SPORTS

Mac McKim is the man behind the scene in arranging for Nancy Greene and Al Raine's visit last week and the subsequent Canadian Ski Championships to be held here in March.

Jean Le Tourneau and Nev Hackett look to be the best of the new faces on the hockey scene this year.

Rollie Belliveau is now at the University of Oregon studying for his master degree.

"A" League Hockey is in real trouble this year with the withdrawal of the Royals.

Interesting statement from Brian Gibbons in a column recently - He says "the reason more Newfoundlanders are not in the N.H.L. is because coaches don't spend enough time working on fundamentals."

Anyone interested in playing basketball over the winter should get in touch with either Whit Kean at 944-2621 or Art Squarey at 944-2383.

Over 20 adults turned up last Thursday at L.C.C. gym for the pre-season ski conditioning program. 125 students are also working on the same program.

A note from the pool shows that all scuba classes are full but Ron hopes to start another class in January.

And finally I'm picking the Mets in 7.

Girl Guide report

The 3rd Girl Guide Company has already held four regular guide meetings since the beginning of September. Several new girls have joined and many others have returned. We presently have six patrols with an average of six to a patrol. Many tests have already been accomplished to date. On Sunday, October 5, 1969 the 3rd Carol Guide Co colours were dedicated at the Salvation Army Citadel by Major D. Hammond. The Colour party consisted of Beverly Chaulk, carrying the Canadian Flag and Sheila Ivany carrying the World Flag, and escorted by Jane Follett. The Boy Scouts and Cubs were also in attendance at the Service.

The Provincial Executive Committee are presently planning an all out drive to raise funds for Provincial Campsites.

The drive is to be Province wide and door to door. There has been no direct appeal to the public by the Guides for 15 years; so this is not an annual appeal. In the past the few girls chosen to attend camps in other provinces received special training. With well developed sites of our own we can assure the same opportunity to all our girls who want it!

The date of the drive is October 15th to October 31st. Remember any contribution will be appreciated!

Receipts will be issued for amounts over \$1.00 (income tax deductible). Campaign Chairman of Labrador City; Mr. J.S. Warner, Manager of Canadian Imperial Bank of Commerce.

Committee members are Mrs. R.J. Hardie, district commissioner and Mrs. C.M. Granter, district guider.
