# On the local scene

**WINTER CARNIVAL:** Plans are now complete for the 1971 Winter Carnival 12 thru 17 March. The tentative schedule is published in the centre-fold of this issue.

Prior to the official opening of Carnival '71 the High School students of J.R. Smallwood Collegiate in Wabush will be holding their big dance on Thursday 11 March. A large turnout is expected, in that, the following day is a holiday.

Bus service will be provided on Friday the 12th for those students wishing to attend the L.C. Collegiate Dance.

According to latest reports at least 10 floats will be entered in the Carnival Parade on Sunday the 14th.

Because of the lack of snow (at this writing) very little seems to have been done in the way of snow sculptures. However this may be rectified within the next few days.

**DON'T FORGET TO CHECK THE CARNIVAL SCHEDULE, IN THIS AND NEXT WEEK'S ISSUE.**

**COURT NEWS:** A local resident evidently felt \$13.49 was a little too much to pay for his favorite record album, "All Things Must Pass" so he decided to "borrow" the record from one of our department stores. The result a conviction for shop-lifting and Magistrate Rowe "Passed On" a fine of \$50.00.

Another resident decided not to pay for a pair of pants he was removing from another store. Again a conviction and fine for shop-lifting. During the past month no less than (5) motorist (including a visitor from Schefferville) were convicted, fined and lost the right to drive for periods of six months, following their arrest on impaired driving charges.

(2) Residents were convicted and fined for failing to file under the Income Tax Act.

The operator of a "motorized toboggan" was fined \$25.00 for operating his vehicle on a public street.

Two teen-agers were convicted and fined for having liquor in their possession, being under 21 years of age.

A local resident under probation was convicted of a number of thefts including stealing from his co-workers. He was dismissed from his position and is presently spending several months at the "Lakeside Inn" in St. John's. He was joined by another resident also under probation who was convicted of passing worthless cheques. He too is spending several months "at Her Majesty's Pleasure" in the capital.

An arrest has been made locally by the R.C.M.P. and a charge laid of Trafficking in Drugs.

The recent wave of thefts has been solved and a number of juveniles appeared in Court and pleaded guilty. They were given suspended sentences and parents are required to make restitution. In connection with these thefts a

warrant has been issued for a former resident.

A large number of traffic violations were also disposed of. In one case a local resident was fined \$10.00 for operating his vehicle with the front and rear windows covered with snow.

**SUBSTANTIAL EXPENDITURE AT WABUSH AIRPORT:** According to the recent budget estimate released from Ottawa, the Department of Transport will be spending approximately \$1.4 million in this Province 1971-72. One of the largest expenditures will be locally. According to the announcement: "At Wabush airport in Labrador, DOT will install an ILS (instrument landing system), upgrade the approach and install runway lights. Combined estimate: \$377,000.00.

**STANFIELD'S VISIT:** According to the latest reports from the nation's capital, all (6) Nfld. P.C. Members of the House of Commons will be accompanying the Party Leader on his Labrador visit.

**HONOURABLE R.L. STANFIELD VISIT ITINERARY LABRADOR WEST**

March 12, 1971  
4:45 p.m. - Arrive via Eastern Provincial Airways.

6:00 p.m. - Dinner with local executive.

## Editorially Speaking

Before our regular column, we make the following statement: Owing to a last-minute format change required prior to printing, several of our regular columns (Home Owners Ad, The Lighter Side, Social & Personal notes, etc.) were deleted from our last issue. Please accept our apologies. These items with additions, will appear in this issue.

**SHOULD OUR SUMMER TIME CHANGE?** Since our comments on Daylight Saving Time in the "On The Local Scene" column of several weeks ago we have had a number of phone calls and been approached by several people whom in all cases support the idea of having our area adhering to Atlantic Summer Time in 1971. Our friend Stan Robertson also has come out in support of the A.S.T. idea. We now feel it would be a good time to get the opinions of the general populace. However let us first look at the pros and cons. We quote from our last editorial on the subject: "Some six-seven years ago when a bill was introduced in the Provincial House of Assembly to have all of Newfoundland & Labrador on Atlantic Time, I was approached by the Sports executives of the area to support this stand. In a rapid sampling of local public opinion I soon discovered the majority of residents were against the idea. It seemed that most families with young kiddies were not in favor. The main objection, I heard, was getting children off the streets and into bed at a reasonable hour. Soon after the Provincial Government withdrew the bill and the Province is still with 4 time zones.

It's probably too late to do anything on the matter this year, but a local plebesite before next spring might be the answer. All opinions should be ascertained as we certainly do not want the ludicrous situation that existed during the summer of 1962 when Labrador City and Wabush were on different time zones." So how about it readers, let's have your opinions!

1. I am in favour of our area retaining the present summer time. (Eastern Summer Time).....

2. I am in favour of our area have the time changed to Atlantic Summer Time. (Having clocks advanced one hour).....

Check one and forward to Aurora, P.O. Box 2090, Labrador City...

### LETTER TO THE EDITOR:

#### "DAYLIGHT SAVING TIME"

The Editor,  
The Aurora,  
Labrador City, Nfld.

Dear Sir:

In last week's issue of "Aurora" reference was made to the question of applying Daylight Saving Time in Labrador West. As most people are aware, the measure is in force in all other districts in Newfoundland and elsewhere in Labrador during the summer months, actually from the last Sunday in April to the last Sunday in October. During this period clocks are advanced by one hour, the result being that most of the people enjoy what is in effect, an extra hour of Daylight throughout the period.

The Carol Consumers Association have for some time been pressing for the adoption of this system in our area. With this end in view I have approached Dr. A. Frecker, the Minister of Provincial Affairs as this matter falls under his department. His reply was, to say the least, very ambiguous. It appears that by virtue of the Newfoundland Standard Time Act 1960, daylight saving time is official throughout the Province. A perusal of the Minister's letter leaves the impression that the application of the laws depends on the mining companies operating here.

The introduction of Daylight Saving Time is supported by the United Steelworkers of America, in this area: I know that they have approached the Dept. of Provincial Affairs, with no results to date. Also, a poll has been taken by one company among its employees which reports 100% in favor. However it should not be necessary to hold a referendum or poll, surely if this measure is of such advantage to the rest of our Province, it will be of benefit to us. Or is Labrador West no longer a part of Newfoundland?

I enclose for your information, a copy of the Minister's letter and of the Newfoundland Standard Time Act, 1960.

Yours faithfully  
T.M. O'Neill  
(Carol Consumers Assoc.)

Mr. T.M. O'Neill  
P.O. Box 1554  
Labrador City  
Labrador

Dear Mr. O'Neill:

You are probably wondering why our letter of early June has remained unanswered so long. As a matter of fact, I had drafted a reply to you under date of 14th. July but after studying the Newfoundland Standard Time Act, the Act No. 4 of 1960, I decided that I should seek legal advice, hence the delay.

For all official purposes, daylight saving time applies in the Province but it is not so easy to determine what an individual establishment such as an industrial firm, a club or a family may wish to do with regard to the clock. For instance, the C.N.R. operated, for years, on standard time even during the saving period and, I believe, it is only this year that the I.C.O.N. in Sept Iles has

gone on daylight saving time. It would seem to me that the approach should be made to the Company to determine whether they would be prepared to shift from standard time to daylight saving time.

One of the things I found out, after examining the relevant Act, is that Section 2 (1) reads as follows:

"Subject to this Act, time in Newfoundland shall be reckoned as three and one half hours later than Greenwich mean solar time."

Sub-section (2) of the same section reads as follows:

"Time reckoned in accordance with subsection (1) shall be known as "Newfoundland Standard Time."

Then the Act goes on to say that: "During the period in each year between one minute after twelve o'clock in the forenoon of the last Sunday in April and one minute after twelve o'clock in the forenoon of the last Sunday in October time in Newfoundland shall be reckoned as two and one half hours later than Greenwich mean solar time."

As you know, Labrador is on Atlantic time and not Newfoundland time. There is a half hour in the difference. It seems to me, therefore, that the Act may need to be amended irrespective to the question of standard time versus daylight saving time.

I am enclosing herewith a copy of the Act for your information.

With kind regards, I remain,  
Sincerely yours,  
G.A. Frecker  
Minister

#### AN ACT TO AMEND AND CONSOLIDATE THE LAW RESPECTING STANDARD TIME AND DAYLIGHT TIME IN NEWFOUNDLAND

(May 30, 1960)

Be it enacted by the Lieutenant-Governor and House of Assembly in Legislative Session convened, as follows:

1. This Act may be cited as The Newfoundland Standard Time Act, 1960.

2 - (1) Subject to this Act, time in Newfoundland shall be reckoned as three and one half hours later than Greenwich mean solar time.

(2) Time reckoned in accordance with subsection (1) shall be known as "Newfoundland Standard Time."

3 - (1). During the period in each year between one minute after twelve o'clock in the forenoon of the last Sunday in April and one minute after twelve o'clock in the forenoon of the last Sunday in October time in Newfoundland shall be reckoned as two and one half hours later than Greenwich mean solar time.

(2) Time reckoned in accordance with subsection (1) shall be known as "Newfoundland Daylight Time."

4. Where (a) an expression of time reckoned or to be reckoned in Newfoundland occurs in

(1) an Act, proclamation, order of the Lieutenant-Governor in Council, regulation, order, rule or order of a court, by-law, resolution or other enactment, whether of the

foregoing kind or not, or

(11) an agreement, contract, deed, lease or other instrument, whether of the foregoing kind or not,

heretofore or hereafter enacted, made or executed,

(b) an hour or other period of time is stated either orally or in writing, or

(c) where a question as to time arises,

the time referred to or intended shall, unless it is otherwise specifically expressed, be held to be time reckoned as prescribed by this Act.

5. The Standard Time (Newfoundland) Act, chapter 276 of The Revised Statutes of Newfoundland, 1952, is repealed.

6. This Act shall be deemed to have come into force on the twentieth day of April, 1960.

#### "TO ALL HOCKEY FANS"

The Editor,  
The Aurora  
Labrador City, Nfld.

Dear Sir:

I think it is about time for someone to bring to the attention of fans in Labrador City-Wabush area, the disgusting way it is abused by the officials here. I wonder if they think everyone is blind and didn't see hockey played until they arrived in Western Labrador? Well I have news for them!

What I understand about officials, is basically that they are not supposed to show favours, not even to a Sports Director who is also a player, and who can't take the rough and tumble of the game. And who also uses profane language, which goes to show little respect for himself or the fans.

As far as officials are concerned I think that it would have been better if they had taken a first aid course instead of hockey.

An attentive & disgusted fan.  
A.R.S.

#### "THE BIBLE"

The Editor,  
The Aurora  
Labrador City, Nfld.

Dear Sir:

Christians, friends and interested persons especially those outside the Church, who would put the average person to a gruelling test when it comes to a controversial discussion on the authority of the Bible and the claim to Christianity, the only way I can address this letter to the one who would interrogate is this: Why don't you find out what is Christianity and what isn't? Why, when you can bestir yourself to learn technical terms about electricity, won't you do as much for theology before you begin to argue?

Who do you never read either the ancient or the modern authorities in the subject, but take your information for the most part from biologists and physicists who have picked it up as inaccurately as yourselves? Why do you accept mildewed old heresies as bold and constructive contributions to modern thought when any handbook on Church History would tell you where they came from?

## Scanning the Market

Recently read an interesting article entitled "Signs That Small Investors Missed The Boat Again." Here are some excerpts: "The small investor has done it again. While mutual funds were recommitting their cash to the stock market last year, Canadian investors withdrew more money from the funds than was put into them. That comes as no great surprise to professional investors. But it does reinforce their view that the small investor moves at the wrong time. Granted, economic conditions have been hard. Savings have been relatively high though, and some of that money might have been invested.

Members of the Canadian Mutual Funds Association report new fund sales of \$73.7 million in the final quarter of 1970 and redemptions of \$83.8 million. The year before, sales were twice as high, but so were

redemptions, an indication that some fundholders foresaw the dangers in 1970. But the stock market did not behave in the second half of 1970, the way it did in 1969. The market was sliding in 1969 and early 1970, but rose in the second half of last year. The Toronto Stock Exchange's industrial index rose from about 150 to 173.

The market's gains in Canada and the U.S. have primarily been supported by institutional investors, including mutual funds. Their optimistic outlook, however, has not yet been transmitted to shareholders. It remains to be seen when the stronger market will help sales. Those who believe that the small investor is usually wrong have been reading warnings in the U.S. market lately. Trading volume on the New York Stock Exchange has topped 20 million

share more than 10 times in the past six weeks, as more individuals joined the institutional investors.

The course of the Canadian industrial market depends largely on what happens next in the U.S. Most analysts are still calling for a correction, perhaps back to 840, 825 or even 800 on the Dow. But they admit that it could hit 900 before the correction. The U.S. market rally was launched by easier credit and has been prolonged by President Nixon's optimistic economic projections. But policy in Canada has been more restrained, and it shows in the stock market.

There are additional uncertainties facing Canadian investors. The profit margins of Canadian resource companies will be hurt as long as the value of the dollar remains high. And the white paper's impact on new tax legislation and the forthcoming study of foreign

ownership are beginning to worry more investors.

Another analyst is suggesting Junior Industrials maybe regaining favor. "Interest rate declines continue to be the most dramatic news in the market. Equity price have reacted to this decline and a bottoming economy. Excellent performance has been achieved in almost all of the interest-rate sensitive stocks such as the utilities, finance companies and preferreds. New Lows in the bond market offer continued support for these equities.

Long-term yields on government bonds should continue to fall. Corporate bond yields should decline by an even greater amount, narrowing the unusually large differentials that has persisted over the past four or five months. Yields on stocks become more attractive as the yields on investment alternatives decline. Further expectations of an earnings increase over the low levels of 1970, particularly when capitalized by a lower required rate of return on equity, will

tend to push stock prices up. However, it is not clear that at the present level the stock market has not anticipated some of the expected reductions in interest rates. The market may also have excessively optimistic expectations about economic growth, which we think will show only modest improvement during the first half of 1971. Hence, we project a modest improvement in the broad indices over the next few months.

Anticipated movements in the blue chips have occurred and the market, in search for value, will probably move enthusiastically onto the junior industrial growth companies selling at low multiples, offering a reasonable yield with an attractive past record. The investor will have an opportunity for excellent capital gains in these quality juniors through yield, growth, and an upward multiple revision. A well constructed portfolio should therefore have some room for such companies."

### LETTER

(Continued from page 4)

Why do you complain that the proposition that God is three-in-one is obscure and mystical and yet submit yourself meekly in the physicist's fundamental formula,  $(2P-PQ \text{ equals } IH \text{ over } 2 \text{ Pi where } I \text{ equals the square root of minus } 1, \text{ when you know quite well that the square root of minus } 1 \text{ is paradoxical and Pi is in calculable?})$

What makes you suppose that the expression "God ordains" is narrow and bigoted whereas the expression "Nature provides" or "Science demands" are objective statements of fact?

You would be ashamed to know as little about internal combustion as you do about

beliefs. I admit that you can practise Christianity without knowing much about theology, just as you can drive a car without understanding internal combustion. But if something breaks down in the car, you humbly go to the man who understands the works, whereas if something goes wrong with religion you merely throw the creed away and tell the theologian he is a liar.

Why do you want a letter from me telling you about God? You will never bother to check up on it and find out whether I am giving you a personal opinion or church doctrine. Go away and do some work.

Yours very sincerely  
AF (Bert) Johnson  
Box 1065, Lab. City,  
Nfld.

### Social and personal

**THANK YOU:** Mrs. Effie (Bob) Butler wishes to express her sincere gratitude and thanks to all her friends who sent cards and gifts while she was a patient at the Capt. Wm. Jackman Memorial Hospital. A special thank you to all the doctors and nurses at the hospital. Thanks also to the Royal Canadian Legion Branch No. 57 for the lovely flowers.

Visitors to the area last week included two former residents, Mr. Cedric Allan Cake and Mr. Eric Donald who are presently residing in Sept Iles. Good to see you again fellas.

Notice several of our local

businessmen are sporting impressive "tans" following visits to the Caribbean.

Congratulations go out to Mr. and Mrs. Clar Doyle on the birth of their son, born Thursday, February 25.

Mr. and Mrs. Fred Emberley, Grand Bank, wish to announce the engagement of their youngest daughter Hilda to Mr. Keith G. Penney, nephew of Mrs. A.R. Burry, Corner Brook. A summer wedding is planned.

Joseph Rousseau would like to announce the arrival of his new baby sister on February 23. The proud parents are Mr. and Mrs. Joseph Rousseau of Wabush.

Birthday greetings go out to

Shayne Corry who celebrated his birthday on February 17. Greeting came from Susanne Croucher.

Congratulations to Mr. and Mrs. Tom Kent who celebrated their 24th wedding anniversary recently. Greetings from Daren, Roy and Susanne.

Birthday greetings are extended to Dwight Humpheries of Wabush who celebrated his eighth birthday Sunday, February 21st; greetings from Angela and Derrick Pickett. Also birthday greetings to Mrs. Clayton Humpheries whose birthday is Sunday, February 28. Greetings come from Mr. and Mrs. M. Pickett.

**For your information**

**CAROL PLAYERS: PRESENT "THE LAND GOD GAVE TO CAIN."**

Residents of Labrador City-Wabush are reminded that the Carol Players are presenting "The Land God Gave To Cain", at Notre Dame Academy on March 6-7, 13-14 at 8:30 p.m. Tickets are \$1.75 (not \$2.00 as previously announced) and \$1.00 for students.

A special invitation is extended to students only, to attend the Dress Rehearsal on Friday 5 March at 8:30 p.m. Tickets for this night only, are 50 cents.

**CAROL-WABUSH CO-OPERATIVE:** Attention all Co-Op Members. There will be a general Membership meeting at the Wabush Recreation Centre, Sunday 7 March at 2:00 p.m.

**WABUSH RECREATION CENTRE:** A Red Cross Water Safety and Royal Life Saving Instructors' re-qualification clinic, will be held Saturday 6 March at the Wabush Swimming Pool. This clinic is only for present instructors who wish to re-qualify or gain their dual Red Cross-R.L.S. requal. certificates.

The clinic will start at 10:00 a.m. and be over by 4:00 p.m. and will not interfere with any other swimming pool schedules.

A course leading to an Instructor's Certificate is planned for 16 April. More news on this later.

Another YMCA National Scuba Course commences Tuesday 23 March at the Wabush Pool, and will continue each Tuesday evening until the final tests and exams on the 3rd of July. Those interested, but planning on holidays between 23 March - 3 July cannot be accepted for this course. Please plan on attending a subsequent course.

The fee for the entire course, the cost of the exam inclusive, will be \$40.00. All equipment is supplied.

Application forms are available at the Recreation

Centre office, or contact Instructors Donna Wortelboer or Terry Watt.

**WOMEN'S WORLD DAY OF PRAYER:** The annual Women's World Day of Prayer Services will be held in the Carol United Church, Labrador City on Friday March 5th at 7:30 p.m. Guest speaker will be Miss Betty Mulligan, Guidance Counsellor and Director of Religious Education for the Amalgamated Schools of Labrador City-Wabush. The theme for the service this year is "A New People for a New Age." Women from (7) congregations in the communities will be leading in worship. Women from all denominations are cordially invited to attend.

**FOURTH CAROL BROWNIE PACK NEWS:** The Fourth Carol Brownie Pack had lots of activity during the month of February. We held a Valentine contest to which many of the girls entered a homemade Valentine. The prize was won by Jeannie Laipg. On February 22nd we celebrated Baden Powell's birthday by bringing along a friend to our party. We were also busy collecting pennies for Thinking Day.

That's about it for now. See you next month.

Optometrist Denis Paxman (FBOA Eng) will be here on his Monthly Visit Monday, March 8th to Thursday, March 11th, 1971. LOCATION: Upstairs - Wabush Recreation Centre. Dr. Paxman will be available to all residents of Labrador City and Wabush for eye examinations and prescribing of glasses. For appointments phone Mrs. Donna Wortelboer at Wabush 282-3324 between 10 A.M. and 8 P.M. only please.

Who Will Be This Year's Carnival Queen? Roslie Boone, Last Year's Queen, Being Presented With E.P.A. Trophy By Mr. B. Clouter.

**Mind Teasers**

Billy has \$28, and then earns a certain sum of money. Later for his birthday his brother gives him twice, his mother 3 times, and his father 4 times as much money as he has succeeded in earning. If all this brings Billy's "wealth" up to \$138, how much money did he earn?

**ANSWER**

\$11. Divide the sum of 1, 2, 3, and 4 into the difference between 138 and 28.

Tom and Jerry bet each other \$1 on each of a series of bowling games. At the end of this series Tom had won four games, while Jerry was \$5 ahead. How many games did they bowl?

**ANSWER**

13 games. There were 4 games won by Tom, then 4 more games for Jerry to break even, plus 5 more games for Jerry to win his \$5.

# Here 'n' There

**ABORTIONS RISE IN B.C.:** More therapeutic abortions are performed per capita in British Columbia than anywhere else in Canada, says Health Minister Ralph Loffmark. He told the provincial legislature that up to December 31, 1970, some 3,000 abortions have been performed in B.C.

tenants for the business area, which is completely rented.

The chairman of the Housing Corp., Deputy Minister of Economic Development, O.L. Vardy, occupies one of the most expensive penthouse apartments, which rents for \$561.50 a month.

**GOVERNMENTS APARTMENTS HALF EMPTY:** Newfoundland's first venture in luxury apartment living--the \$5-million Crown-owned Elizabeth Towers--stands half-empty. There are 52 unoccupied apartments. The seven-story building was completed in April, 1969.

A spokesman for the St. John's Housing Corp., which developed the structure, says there has been no problem finding

**WAGE RATES JUMP 8.8 PER CENT:** The rate of wage increases set a new record last year. The base rate in major collective agreements negotiated in 1970 rose an average of 8.8% per cent, according to preliminary figures from the Canada Department of Labor. This was 1/10 of 1 per cent above the previous high in 1967. It was also the fifth year in a row in which the annual average rise in the negotiated base rate has

been 8 per cent or higher. In the previous five years, the base rate showed an average annual increase of 4.2 per cent. The base rate is that paid to the lowest classification of worker in a plant.

**COKE SETS UP BOTTLE DEPOTS:** The Coca-Cola Bottling Co. of New York has announced plans to set up 17 collection depots in the metropolitan area to buy glass bottles and aluminum cans. The company will pay one-half cent a bottle or can, regardless of brand, and turn them over to be melted down and recycled. Announcing the plans, company President Charles E.F. Milard said Coca-Cola hoped to become a "catalyst for change."

**PARIS LOSES ITS FAMOUS OPEN AIR BUSES:** The French capital has sacrificed one of its more seductive street attractions to traffic safety and efficiency. The traditional open-platform bus, a vehicle made for drinking up the flavor of Paris and attempting daring athletic feats, has made its last trip after plying the city's boulevards for 35 years. It finally gave way to a modern fleet of buses with push button doors that compel the passenger to watch the world go by from behind glass windows. The old buses were a key feature of the Paris postcard scene. They were to Paris what cable cars are to San Francisco and red double decker buses to London. The Parisian rider could smoke on the platform, he could smell Paris, get an unencumbered view of pretty girls passing by, and chat with the conductor, who often became a friend.

**RECEIVER TRIES TO SAVE CAR DIVISION:** Rolls-Royce receiver and manager Rupert Nicholson said last month he will "take all necessary steps" to continue the car division of the company which manufactures luxury automobiles. "It is a successful division which will be encouraged to continue the effective support of its product throughout the world, and go ahead with its development plans to assure its success in the years ahead," Mr. Nicholson said.

# Roaming the Globe

**SKI VACATION BARGAIN IN BULGARIA:** If you are looking for new slopes to conquer on a ski holiday this winter, try Bulgaria. You'll get good skiing, comfortable accommodations, excellent meals and a fine vacation for not much more than you pay for two tickets at some better-known spots. For Bulgaria, with all its winter attractions, is just beginning to be "discovered" as an international ski centre. Sofia, the capital city, is only an hour or two away from most European centres by jet. And the reasonable prices throughout the country are a point which will interest most Canadians. The first class hotel rate at Bulgarian mountain resorts, for instance, runs around the equivalent of \$6.50 a day with meals. A bang-up dinner for two, with wines, leaves you change out of a \$5 bill.

Visitors can be on the slopes an hour or so after they touch down at Sofia. No visas are required for entering the country, and customs formalities are minimal. Then it's into a car and about 40 miles southeast to Borovets. Here there are three new hotels as well as numerous chalets, holiday houses and private homes which welcome boarders. The Borovets downhill run starts at an altitude of about 7,500 feet and drops 3,000 feet over a distance of two miles. There is also a championship giant slalom course, numerous lifts, and many less arduous runs as well as beginners' hills. The snow is good from Christmas to the beginning of April.

The Vitosha Mountain National Park, which starts only six miles from Sofia, has 10 peaks over 7,500 feet and many only slightly lower. Full range of runs, hotels and restaurants covers the area. Pamporovo, in central Bulgaria's Rhodope Mountain range, has three first class hotels tucked high on the mountainside as well as many chalets and guest houses. There are long and short downhill and slalom runs over interesting terrain.

**MURDER TOURS POPULAR:** The latest "must" for visitors to London is a tour around the home of notorious British Murderers. The really knowledgeable tourist can now tell his friends back home that he's visited the Tower of London, Buckingham Palace and 10 Rillington Place. For this seedy West London house was the home of John Christie, who was hanged in 1953 for the murder of seven women, including his wife. The tours to Rillington Place, soon to be demolished, are organized by a "See Britain" agency which includes other convicted murderers' homes on its program. Visitors have a guided tour round a gruesome reconstruction of Christie's home, with dummies representing bodies hidden in cupboards. "I have read all about the case and to actually see where it all happened is really fascinating," one North American visitor said afterwards.

**WEALTH & WORRY FROM FLORIDA'S DISNEY WORLD:** Mickey Mouse and Donald Duck will soon be drawing millions of dollars to central Florida, but to some of the cattlemen and retired citizens in the area, money isn't everything. While promoters of the Walt Disney World talk about the fantastic revenues that will pour into the city of Kissimmee, county and state economies, some residents talk about other things like skyhigh land values, traffic jams and the loss of privacy. When Disney World, a multi-million-dollar East Coast equivalent of California's Disneyland, open next October it will bring an estimated eight million tourists the first year. In sprawling areas nearby, there are those who like space, cows and orange groves and are reluctant to see change; others welcome the prospect of transformation.

Since the Disney project was announced five years ago, it has brought immense wealth to some investors, hardship to some small property holders, challenges to chambers of commerce and headaches to officials who haven't faced urban problems before. Simply by its massiveness the project creates problems in providing for the numbers expected. The Disney company anticipated these by building on-site hotels and its own sewer, water and elect facilities.

The impact will be especially felt in Orlando, where there are already overcrowded highways. In Lakeland, where the retail development in two years has totalled close to \$15 million, and in Kissimmee, the smallest and closest city, where land values have sky-rocketed. "I can't live here any more," says Larry Dodd, an elderly man near retirement, who lives a few miles from the Disney gates. "I can't afford the taxes. Traffic already has increased 50 to 100 times on this road," he complained, noting the new state road in front of his house, now up for sale. Dodd bought his land and house 13 years ago, "because it was quiet here and that was what the wife and I wanted."

Property values in Osceola and Orange counties abutting Disney property have soared. Hundreds of thousands of idle acres have been bought, sold and resold at fantastic prices. Other than large oil companies and several huge motel chains, much of the land remains in the hands of speculators, many from out of state.

"Disney people came in here and bought up most of the land, some for as little as \$85 an acre, before anyone knew what was going on," said C. H. Nelson of Nelson Realty, a firm established in Kissimmee since 1909. "Yep, a lot of people getting rich."

## Bills got you buffaloed? See HFC

### ATTENTION DOG OWNERS

Recently it was diagnosed by Dr. M.A. PELLERIN THAT Canine Distemper is prevalent in Labrador City and Wabush. It is recommended by Dr. Pellerin that any dog that has not received its distemper vaccine or a distemper booster within the past six months should be vaccinated at a special clinic to be held March 6th. and 7th. at 627 Hudson Drive, Labrador City. Interested persons please call 944-5327 or 944-5621 for an appointment.

(Continued on page 14)

### FIRM CLOSING DOWN NFLD. OPERATIONS:

Curran and Briggs, a construction firm with its main offices in Prince Edward Island, has closed down its Newfoundland operations. Approximately 300 part-time employees and 35 permanent employees are affected by the construction company's shut down. A spokesman for the company said that the company has a small amount of work left to be done in the Deer Lake area, and this should be taken care of by late June. The firm has put its equipment up for sale.

### NFLD. TELEPHONE

AREA IS EXPANDED: Newfoundland Telephone Co. will spend \$1.8 million in 1971 to prepare areas of the province not yet serviced by phone so they may be brought into the system. The company plans to bring the telephone to every Newfoundland community by 1973. It expects to install 6,000 new phones this year, and will mark installation of the 100,000th phone in the province with special ceremonies. This year's expenditure is part of an \$8-million allocation for construction activities during the coming year. About \$3 million will be spent to improve present service. Expenditures on exchange equipment, telephone sets and large PB equipment is budgeted for \$1.2 million.

### 1971 CENSUS TO COST

\$35 MILLION: Lorne Rowebottom, assistant Dominion statistician, said recently it will cost more than \$35 million for the Dominion Bureau of Statistics to take the 1971 census. He told the Empire Club of Toronto that it will require 50,000 workers, specially-made electronic equipment to read and process millions of questionnaires, and computers to organize and compile the information. He said it will actually be three censuses—combined population and housing, agriculture and merchandising. "The population and housing census is designed to tell us how many people live in Canada, where they live and the kinds of homes they live in."

## STATUTORY NOTICE NOTICE OF DISSOLUTION OF PARTNERSHIP

NOTICE IS HEREBY GIVEN that the partnership heretofore subsisting between Dr. Emerick J. Ballard and Dr. Joel Wilbush carrying on the practice of medicine at Wabush Clinic at the City of Wabush, Labrador, Province of Newfoundland has been dissolved as from the 15th day of February, 1971 but that all debts due to and owing by the said late partnership will be received and paid respectively by Dr. Emerick J. Ballard at the Wabush Clinic who will continue to carry on his said medical practice at the Wabush Clinic.

DATED this 19th day of February, A.D. 1971.

# Speaking of Sports

**HOCKEY:** Approximately 800 fans turned out for the opening game of the Senior "A" semi-final series. The Braves were victors over the Huskies 6-2 and thus are one up in the best 4 of 7 play-offs, to earn the right to play the league champion Saints.

Next week the Goose All Stars will be in town for the Labrador Intermediate "B" play-downs, with the winner going to the island, representing Labrador in the Provincial series.

**MINOR HOCKEY:** According to Coach Rollie Belliveau the Pee-Wee had an interesting week of Hockey during their Quebec City Trip. In a warm-up match for the International Series they defeated Val Cartier 8-1 with Honsberger & Bullen both netting (3) goals. In the game at the Collesium they were defeated by Baden-Solliegen 3-1. A series of small problems plagued them before and during the game but it seems over-confidence was possibly the main factor in the loss. The following day they played the Greater Boston All Stars and bowed 6-3 to the hot-bed of Minor hockey in the U.S. In the next game against Camp Borden the boys came out on the wrong end of a 5-3 score, but concluded the week with a 3-0 win over Orsinville, Que., with Anderson registering the shut-out. All in all a very good trip with no serious injuries recorded. Coach Belliveau wishes to express his thanks to Wabush Mines for the free transportation provided.

Next weekend the Mosquito's, Bantam and Midget-Juvenile All Stars will be travelling to Sept Iles for a series of exhibition games with teams competing in the Quebec North Shore Minor Hockey Series.

**CURLING:** The Carol Curling Club Ladies Team, Provincial representatives in the National Championship played in St. John's last week, gave a very good effort, finishing with a 4 win-5 loss record. A loss to Alberta in the sixth round, after leading 6-2, seemed to be the turning point for our local team. A win at that

## The lighter side

**THE CAREFUL DRIVERS:** Two seventy-year-old spinsters were taking their usual Sunday drive in their old coupe. While passing through town, the one driving neglected to stop at a traffic light. The cop on the beat whistled and yelled for her to pull over to the side of the road. But our driving spinster paid no heed and continued on.

Being a conscientious fellow, the officer took off after them, and finally hailed them to a stop.

Confronting the seventy-year-old spinster at the wheel, he asked, "Didn't you hear me whistle?"

"I certainly did," the oldster said, smiling, "but I never flirt when I'm driving."

**WHILE THE BOSS IS AWAY, ETC. ETC.:** An office manager suspected that some of the girls in the office were leaving work early whenever he wasn't there. One day, he returned unexpectedly and found out he was right.

The next day, he approached the desk of one of the girls, and said in a voice that was heard by the entire office:

"Miss Smith, I came back early yesterday, felt your seat and it wasn't warm!"

**NO GENTLEMAN HE!** It was a tense moment in the courtroom, Mrs. Finnigan was suing her former nuptial prize, Mr. Finnigan, for divorce. The jury's sympathy was entirely with the lady, and her tears and pathetic meekness, had won their hearts. Turning tear-stained to the judge, she asked, "Your Honor, is it right for a man to hit a woman with a bottle?" Murmurs of indignation arose in the courtroom, and the judge answered, "Certainly not, madam. Did your husband do that?" "Yes sir, I was just taking a big snort of gin from a quart bottle when he ups and hits me and takes it away!"

**FOOTBALL STRATEGY:** The coach was always exercising his players' minds by asking them what they would do under certain game conditions. Walking to the sideline one day, he asked a third-string tackle sitting on the bench: "If it's 3rd down and 25 yards to go and we were on their 45 yard line, what would you do?"

Replied the player: "I'd move to the other end of the bench so I could see the play better."

**TEACHER'S PET:** John, whose father was a baker, was in the habit of bringing his teacher a fresh pretzel each day. "I wish you would tell your father not to make them quite so salty," she once said laughingly. Thereafter the shiny, brown delicacy, always minus the salt, was found frequently on her desk. "It is very kind of your father to make one on purpose for me," she told him. "Oh! He didn't make it that way. I licked the salt off!"

(Continued from page 14)

time would have given the local gals a share of first place. It was interesting to note that Sue Bartlett's team defeated all Eastern Canadian representatives; Quebec, P.E.I., Nova Scotia and New Brunswick. And while not winning the Canadian title, can justly claim to be the best Ladies Curling team in Eastern Canada. Our second Provincial Champs in a Canadian Final, Horst Illing's, Mixed Doubles Team, will be travelling to St. John, N.B. later this month.

**SKI NEWS**

Now that the final results are in, we can further congratulate the girls on the Nfld. Ski team for bringing home a bronze medal from the Winter Games. The men missed the bronze by less than half a second.

The hill is in pretty good shape now and the warmer weather is making skiing very pleasant. However this past week, on two occasions, the lift was stopped and skiing was halted for the evening because someone was careless. The poma lift is rugged equipment, but still has to be used properly. Skiers can get off the lift only at three places. These are: 1) between towers 6 and 7; 2) right after tower 12; 3) after tower 14. Anyone who gets off at other places is likely to cause problems with the lift cables.

A second rule—skiers must ride the lift sensibly and not try jumps and salom moves on the lift track. In addition to these points, there is one more dangerous stunt to which many people object. This refers to those shuss—bombers who streak down the hill irregardless of beginners or of sudden hazzards. Anyone who witnesses such foolhardy skiers should report them to club management.

Nancy Greene team of the week: Sugar Bush. Manager—Paul Levigne; Coach: Mrs. P. Guimond; Instructor—Joe Kiss. Captain: Jennifer Robertson; S. Mattinson, P. Taylor, D. Linfield, C. Candow, T. Preston, M. Boutin, S. Timmons, H. Vatcher, S. Walters, W. Dickson, C. Schafer, L. Corbeil.

Unfortunately for those concerned, the trip to Wentworth N.S. had to be cancelled due to lack of snow at that ski hill.

Results of the French Ladies Bowling League of Wabush for the week ending February the 21st:

TEAM	CAPTAIN	STANDING
Gaetan Mode	T. Cole	99 points
Gulf Oil	S. Kennedy	84 Points
Wabush Legion	N. Cummings	72 points
Carol Auto	R. Pinsent	60 points
Pepsi-Cola	R.A. Belanger	51 points
L.M.L.	V. Gallant	51 points

The highest single of the week went to Mrs. M. Peddle 180 Mrs. S. Kennedy took the highest triple 481.

**SKIING with Al Raine**  
Head Coach, Canada's National Ski Team.

**Beginners—15**  
**STEM CHRISTIE**

Starting in a traverse position, stem the uphill ski onto the inside edge and lower the body by flexing the knees. Transfer the weight to the stemmed skis, straighten and step the inside ski parallel to the outside one.

When the skis are parallel, begin a flexion of the knees forward and into the hill. Steer to the new traverse position and try another one in the other direction.

You will find it easier if you do two or more turns in a row. Try to find terrain where you can do six to 10 turns without stopping.

THE KRYSTALS (above) wish to advise there is still a limited number of our recently recorded album on sale at the following outlets: Gaetane Mode, Bouchard's Men's Wear, City Drugs, Labrador City, and 59 Anderson in Wabush. The quality of the recording and diversity of the selections make this album a pleasing souvenir of our group and we invite you to purchase it at the low price of \$4.00. We wish to express our thanks to the above establishments who are very generously distributing our albums gratuitously.
