## On the local scene

**GOOFS:** Please accept our apologies for several errors and omissions in our last issue. One Page 1, the schools were captioned incorrectly. Several sports items were not inserted and the Home Owners Ad Column was deleted entirely. The latter items will be rectified this week. We would be very grateful if those wishing to insert material would forward their copy as early as possible.

**BOMBING INCIDENT IN WABUSH:** On Sunday July 25th the home of Municipal Policeman Mr. S. Arsneault was damaged by a "Molotov Cocktail" thrown from a speeding car. The device which exploded only inches from the front window, caused a minor fire which was quickly extinguished. R. C.M.P are investigating the incident. However municipal officials feel the attack was made by "dragsters" whom Mr. Arsneault had been "cracking-down" on of late.

**MUNICIPAL NEWS:** In spite of an announcement that 20 Atlantic Design Homes would be erected by Nfld. Housing Corp. in Lab. City, we understand a contract has been awarded for just 15 basements. Work is to start immediately and barring unforeseen circumstances the homes should be ready for occupancy before 30 Sept.

Both towns are now "fogging" their areas. Residents are advised to keep children away from machines. It would be beneficial to read the release from the Town of Wabush published under "For Your Information" column of this issue.

Fifteen trailers are now on site at Wabush Trailer Court for Mannix Ltd. Foundation work is presently under way for the New A & W store in Labrador City. Aurora learned some mighty interesting items were uncovered during excavation.

We have received several reports recently on the destruction of shrubs and flowers by young vandals. Now many local residents have spent hours attempting to beautify their immediate areas and to see this destroyed overnight must be heart-breaking. Our advice; notify municipal authorities and police immediately. A stiff sentence may end this rampage.

Roads at the entrances to both towns and the Narrows Bridge are in deplorable condition. While we realize little can be done before the asphalt plant is in operation, it might be a good idea in future to maintain a supply of cold asphalt which would be suitable for patching work.

**POLITICS (IN LABOR):** On Tuesday of last week three of our provincial politicians seemed to be the most peculiar locations. With labor strife, on the island, at an all time high and the Federation of Labor holding their annual convention at Grand Falls; Mr. Roy Legge, appointed Minister of Labor the preceeding day, was in Wabush. Mr. Tom Burgess, M.H.A. Labrador West was addressing the striking fishermen in Burgeo, and Mr. Bob Wells, P.C. candidate for Bonavista North (one of the least industrialized areas of the Province) was speaking to the Labor Convention in Grand Falls. Better check your directions fellas!

**T.V. WINNER:** Mrs. Ann Soper of Trailer 434, Wabush, was the lucky winner of a 19" T.V. Set drawn at the conclusion of Hudson's Bay, Sunny Summer Sale. Congrats.

Last weekend Mike Neville, newly elected Northern Vice-President Nfld. Federation of Labor, announced he will be seeking the NDP nomination for Labrador West in the forthcoming provincial election.

**A HAPPY GROUP.** Mrs. Lollie McGregor and friends, shortly after winning third prize of \$5,000.00 in the Wabush Legion Raffle.

### PUBLIC NOTICE

Applications are invited from competent and qualified persons to fill the following posts:

a) 3- BUILDING INSPECTORS- Department of Public Works Confederation Building

The applicants should have considerable knowledge of all major types of building construction and materials; knowledge of provincial building requirements and regulations pertaining to government buildings and the ability to read and interpret plans, specifications and blue prints and compare them with construction in progress.

The applicants should have considerable experience in

building construction and maintenance at the journey level; graduation from high school; or any equivalent combination of training and experience.

The starting salary will be \$6,672-\$8,940.

b) 1- PLUMBING AND HEATING INSPECTOR- Department of Public Works Confederation Building

The applicant should have considerable experience as a journeyman plumber; considerable knowledge of the methods and practices involved in installing, repairing and maintaining a variety of plumbing and heating installations, equipment, and appliances; considerable knowledge of provincial regulations relating to plumbing and heating installations and appliances; and the ability to prepare, read and interpret plans and specifications related to plumbing and heating installations and modifications.

The applicant should be the holder of a journeyman plumber's certificate, be a graduate

from high school or any equivalent combination of training and experience.

The starting salary will be \$6,672 per annum. The present recommended Personnel Administration Division salary range for this post, subject to review, is \$6,672-\$8,940.

c) 1- CUSTODIAL WORKER- Public Building, Musgrave Harbour. The applicant should have knowledge of cleaning practices, equipment and supplies and some knowledge of low pressure heating plants, furnances, and equipment.

The starting salary will be \$3,240 per annum. The present recommended Personnel Administration Division salary range for this post, subject to review, is \$3,792-\$5'076.

Applicants should state age, education and previous experience.

Applicants should reach the undersigned not later than August 10, 1971.

Deputy Minister  
Department of Public Works

## Editorially Speaking

ROYAL CANADIAN LEGION  
PROVINCIAL CONVENTION 1971

The period August 8-12 will see a special influx of Royal Canadian Legion delegates from various branches throughout Newfoundland and special guests from Mainland branches to our Labrador towns of Wabush and Labrador City.

This convention, jointly sponsored by Branches 47, Labrador City and 57, Wabush, will host approximately 185 delegates and guests. Among these guests will be Premier J.R. Smallwood who will officially open the Convention; Veterans Affairs Minister Jean Dube, Judge Redmond P. Roach, Dominion Command President; W.H.B. Snow, Director, D.V.A., St. John's; Bert Hamner, Senior Officer Dominion Command Ottawa; Ambrose Peddle, P.C. (M.P.) Grand Falls; White Bay—Labrador; Jack Marshall, P.C. Humber St. Georges and Tom Burgess, M.H.A., New Labrador Party. (M.P.)

Chairman for this great occasion, the first to be held by an organization in our Labrador towns, will be W.C. James. In addition, the Royal Newfoundland Regimental Band will be in attendance.

To provide entertainment during the non-business sessions, both branches of the Ladies Auxiliary have combined to make the visit of the wives of the attending delegates as pleasant and entertaining as possible. Teas, plant tours, movies, specialties have been organized which, no doubt will surprise the visitors in just what the "Frozen North" can provide.

The greatest point of all is that two Legion Branches, Labrador City and Wabush, have become extremely closely attached. Comatability and sound comradeship prevail, strengthening the bonds of true legionary spirit.

The Convention concludes on August 12 with a banquet and dance. Transport Minister Donald Jamieson will be guest speaker.

On behalf of both branches, may I extend a sincere welcome to all.

Fred Cole  
P.R.O.  
Convention Committee

AURORA would also like to welcome the visiting legionaire's, their wives and special guests. May their deliberations be fruitful and their stay an enjoyable one.

P.S. Lord we could use some fine weather!

**LABRADOR AFFAIRS:** Once again the Department of Labrador Affairs has a full time Minister. For how long? Some may answer less than 60 days. It has already been announced by the P.C. Party that should they form the next government the department will disappear to be replaced by a Labrador Development Authority.

As a member of the House of Assembly in 1966 I recall Premier Smallwood's remarks on introduction of the bill creating the dept. And of course, this was to be the greatest; instant contact with Confederation Bldg. by Labrador residents. At first I felt this new approach had merit. However it quickly became obvious that Labrador Affairs as then envisaged would be of little benefit to residents of Labrador. We then expressed the edea the Minister should live in Labrador for at least six months of each year and his deputy the other six months, "up north". Offices were available in Happy Valley and space could be procured in the "new provincial building" at Wabush (remember this was promised in 1962-1966 and undoubtedly again this year—all election years). Certain branches of government would be established in each location and communication with the capital routed through Labrador Affairs on a Ministerial level. This suggestion was rejected with the terse comment "we would be usurping authority of Ministers in St. John's."

Well come what may, this proposal will never get a "trial-run." However we still felt it might have proven successful had it been given an opportunity.

Check Dandruff, excessive falling hair, itchy or scaly scalp, with lanex, a Lanolin scalp treatment. Only \$2.50 jar. Satisfaction or money back, at City Drugs Ltd-Labrador City; Northern Drug Stores Ltd., Wabush.

None of the 74 options on the Concorde supersonic jetliner has been exercised according to Henri Ziegler, president of Aerospatiale of France, which is building the Concorde jointly with British Aircraft Corp.

## Here and There

**NEW DOCTORS RECRUITED:** The provincial health department has recruited 34 new doctors for the cottage hospital service and district medical practices. Newfoundland Health Minister Ed. Roberts said most of the doctors will be assuming their duties during July and August and by late summer the number of doctors in direct government service will have reached 98.

**DRINK UP:** Model Anna Bitossi, who has never been able to get into movies because she looks too much like Sophia Loren, complains that the likeness gets her into trouble with tourists whenever she goes to a restaurant or theatre. "What can you do when a rich American sends champagne to your table and asks for your autograph?" she asks. "I offer fair warning now: I have decided to accept the gift but refuse the autograph."

**QUESTION OF STYLE:** When Quebec premier Bourassa brought James Bay into prominence, with his plans for a huge hydro-development there, he raised an unusual problem. Ever since the English explorer Thomas James discovered the bay in 1631, few Quebecers had bothered about its name as translated into Franch. But now there

had to be a choice: Baie James, or Baie de James. Students of the language began writing letters to newspapers, explaining why the form they favored was best. Some newspaper editors took the middle road—Baie James in the story, Baie de James in the headline. The matter finally appeared settled when the ministry of cultural affairs' Office of the French Language opted for Baie James. But while Hydro-Quebec supports that tack, it had added a new twist to the controversy; it says the correct is actually baie James, with a lower case B.

**PROTECTED BY PRAM:** Marie Therese Bonnier, 39, has never been a mother but claims the French record for pushing a baby carriage. She is on her third hiking trip around France, and has taken the buggy with her each time. "It holds my clothes, food and camping equipment," Marie explains. "Better still, it seems to protect me from romantic assaults by lonely men. Best of all, drivers are careful not to run down a woman with a baby carriage."

**A SHOT OF SPRAY & THE GUM'S GONE:** A Canadian company is marketing aerosol product that effectively removes chewing gum from carpeting, seating and clothing. This product can

be used, manufacturer says, on all fabrics, rugs, carpets, upholstery, draperies, clothing, flooring, chairs, desks, without harming colors or materials. It leaves no rings when used as directed. It is also effective on tar, soil and some oil and grease marks.

**EXECUTIVE ASSISTANTS APPOINTED:** Four executive assistants to cabinet ministers have so far been appointed by the Newfoundland Government. They are Robert Sinclair (assistant to Ed. Roberts), Fred Durant (assistant to Fred Rowe), Roberts Cousins (assistant to Bill Callahan), and Bruce Peters (assistant to Fred Rowe). Each is earning \$10,000.00 a year and has been engaged on a one-year basis, subject at first to a probationary period.

**NOTEWORTHY DEFENCE:** Operatic soprano Adriana Anelli didn't scream for help when a man attacked her on a dark street in Lodi, Italy. Instead she sang high C and held the note until a crowd gathered. The 27-year-old attacker to flee but couldn't get through the crowd and was handed over to police. "I may forget my audiences at La Scala but never the one at Lodi," the 28-year-old singer commented.

Frank Leawood of Labatt's present Ed. Kelley with hip prize as Mens Low Net winner in the Tamarack, Labatt's annual Tournament.

## REDUCTIONS IN MANY DEPARTMENTS

" AT WOOLWORTH'S LABRADOR CITY "

DAILY LIGHT  
By D.F. Parsons

"Wash me thoroughly from mine iniquity, and cleanse me from sin."  
Psalm 51:2.

It is impossible for anyone (even you who are housewives!) to imagine a condition of dirt as filthy as the sin which God sees in us. Let me make this comparison: We think of sheep as being white, "white as wool," but did you ever see sheep standing in snow? Next to the pure snow the "white" of the sheep looks like a filthy gray. Measured by the holiness of God, man and his supposed righteousness appear as dirty sheep or as filthy rags. In fact, God has painted just such a picture: "For we have all become as one who is unclean (ceremonially as a leper), and all our righteousness, our best deeds of rightness and justice; are as filthy rags or a polluted garment.

But we are all as an unclean thing, and all our righteousness are as filthy rags; and we all do fade as a leaf; and our iniquities, like the wind, have taken us away. Far from God's favor, hurrying us to destruction (Isaiah 64:6)

David certainly realizes this condition within himself. He realizes that his hope lies in his cry for mercy (Psalm 51:1), and sees the necessity of being washed "thoroughly and repeatedly." He sees his heart so stained with sin that a once-overlightly type of washing is not indicated; he must be dipped and scrubbed continually; a job for the strongest type of cleanser. God also realized that to cleanse man of his sin, the strongest type of "cleanser" must be used; the blood of His only begotten Son, Jesus Christ!

The confession of David was complete; notice the three-fold description of his condition; iniquity, guilt and sin. He was

making no excuses for "little personal peculiarity," or "negative personality traits due to extreme fatigue!" He was able to call himself what he actually was. This is an extremely valuable trait in the life of a Christian: to be able to see one's self as one actually is, instead of what one supposes one's self to be!

It is necessary for us to present ourselves before God daily, and to have honesty of heart and soul which desires Him to cleanse us and make us wholly pure; to purify us even from those secret sins which we cherish and enjoy!

**U.K. PAPERS INCREASE PRICES:** Three London papers with national circulation increased their prices earlier this month. The Daily Mail and The Sun now cost 3 pence (7.5 cents) a copy, up from 2.5 pence, and the Daily Telegraph rose to 4 pence (10 cents), up from 3 pence. An increase to 3 pence in June by the Daily Express apparently had no adverse effect on circulation. The Daily Mirror remains at 2.5 pence but there is speculation that it may be forced to raise its price later in the year.

## The Lighter Side

**NO WILL POWER:** An elderly man went to his doctor and complained of insomnia. "Are you still drinking and smoking and chasing after eligible young widows?" he was asked.

"You betcha!" was the quick answer.

"I'm afraid," sighed the doctor, "that I'll have to ask you to give all of it up."

The old man looked aghast. "Just so I can sleep better? No thanks, doc!"

**LAY-AWAY:** Salesman Sam was showing a young, beautiful buyer his line of dresses, and when he got through, he was so intrigued with the beautiful creature that he propositioned her to go out with him that night. "Thank you, but I must refuse," she replied, showing him her engagement ring, "as of the moment I am a lay-away."

**FROM THE VANCOUVER PROVINCE:** "The B.C. Humor Society has an award for the lady lib who grows the best handlebar moustache. This is a centennial project."

**ON HOLIDAY:** Young mother: "I just returned from a pleasure trip".

Neighbour: "Where did you go?"

Mother: "Drove the kids to school."

**GIDEON:** The confident young man stopped in the apartment house hall-way to call through the telephone. "Hello baby," he said. "This is Gideon."

"There's so much noise on the line, I can scarcely hear you," came the voice of a gal on the other end of the line. "Who did you say it was?" Gideon, honey. G for gin, I for ice, D for drinking, E for excitement, O for ore-eyed and N for necking. Got that honey?" "Well," answered the gal, "not all of it, but come on up, anyhow."

**SERVICE:** After receiving her grocery delivery, a demanding lady customer phoned the market manager. "Why did you send me a dozen apples instead of the pound I requested? And the lettuce is wilted, too. I should take my trade elsewhere! Why don't I ever get what I ask for at your store?"

"Perhaps," replied the manager, "because we are too polite."

**MODERN ART:** A tiny but dignified old lady was among a group of people looking at an art exhibit in a new gallery devoted to contemporary painting. When one picture caught her eye, she inquired, "What on earth is that?"

The gallery attendant smiled condescendingly and replied, "That, my dear lady is supposed to be a mother and child."

"Well, then snapped the little old lady, "why isn't it?"

**THE NAVY:** Newly commissioned officer: "Listen, sailor, if the captain ever caught you calling the deck a floor he'd throw you right out of one of those little round windows over there!"

**NO, SIR:** The defection of domestic help is undoubtedly one of the gravest problems on the home front. Nina tells of overhearing two maids comparing notes at the end of a week at their new jobs.

"I have a perfectly terrible time at my place," one of them said. "All day it is yes, ma'am; yes, ma'am; yes, ma'am."

"And me," said the other, "with me it is all night, just 'No, sir; No, sir; and No, sir.'"

**NO MAIL DELIVERY:** The German physicist Konrad Roentgen received a letter from a man who asked him to send a few x-rays with instructions on how to use them, for he was too busy to come and see him in person. Roentgen replied: "I'm sorry, but just now I'm out of rays. Besides, it's hard to send them by parcel post. Why don't you mail me your thorax?"

**NO PROMOTION:** Judge: "You've been appearing before me in this court for twenty years."

Thief: "Can I help it if you don't get promoted?"

**S.O.B.:** A new president was chosen for the GO Railroad and was being congratulated. One of the well-wishers commented, "It must be tough filling the shoes of your predecessor. You know, he was called the 'Grand Old Man' by everyone."

"Oh, they like me, too," replied the new president. "They call me the 'Swell Old Boy,' only they abbreviate it."

**WILLING TO LEARN:** A young job applicant was asked if he was married. "No," he replied, "I'm not. But I can take orders, if that's what you mean."

**HIS WORSHIP:** A fellow came to a little town and looked for the mayor. He went to one citizen and said, "Where can I locate the mayor?" "That bum!" Then he went to another citizen and again asked, "Where can I locate the mayor here?" "Oh, that crook!" Again the same procedure and always the same type of answer. "That phony!" "That chiseler!" "That double-crosser!" The fellow finally met the top official and asked him, "Why did you become mavor?" "I took it for the honor that is in it."

# For your information

Dear Citizen:

Summer is once again upon us, and with it come certain things that are dangerous to our health and environment such as flies, sunburns, forest fires, etc.

(1) Your board of Trustees would like to remind you that the fogging machine will be operating around the middle of July. This machine will be spraying a dangerous poison called methoxychlor. This insecticide can be dangerous if inhaled at High Dosage. You are urgently requested to please keep your children away from this machine for the fog it emits when it is operating in your area.

(2) Citizens are also reminded that before any electrical wiring can be done in the town a permit must be issued by the town office.

This includes hooking up of stoves, or any electrical changes whatsoever. The safety of you and your children and your neighbour may depend on it.

(3) The summer has just started and we have had one bush fire already. This was caused by young boys playing with matches. So please citizens protect your property and friends by keeping matches away from your children.

(4) The police have notified us that with construction going on in our twin towns traffic has increased considerably, so please keep your children off the streets, especially the smaller ones and those on bicycles.

(5) Swimming and boating will

be starting soon. Remember that Wabush has had a drowning accident every year. Don't let it be you or your children. Wear life jackets and keep small children clear of the water unless supervised by an adult.

Your board of Trustees wish you a very happy vacation. Remember to drive carefully. The life you save may be your own.

Board of Trustees  
Town of Wabush

AMBROSE PEDDLE, M.P.  
GRAND FALLS-white BAY-  
LABRADOR

The department of transport and two airlines--Eastern Provincial and Quebecair--are flirting with the lives of several hundred people weekly by operating in and out of the Wabush Airport where there are

**ALWAYS AVAILABLE  
MAYOR QUILTS:** Mayor Christopher Berube of Rimouski, who promised in last year's election campaign that he would always be available to the people, has resigned following complaints that the people don't see enough of him.

no facilities whatsoever for fire-fighting.

This charge is leveled by Conservative M.P. Ambrose Peddle who says he was appalled to discover the lack of fire protection at the airport. He has sent off a scorching letter to Transport Minister Don Jamieson demanding immediate attention to the "urgent, serious" problem.

EPA operates its 737 jets and Quebecair its BAC III jets daily in and out of Wabush. Passenger traffic has increased so rapidly that present terminal facilities are inadequate to cope with it. Peddle suggests "many hundreds of passengers" fly in and out of the airport weekly, perhaps even more than a thousand.

Yet, to his astonishment, he discovered that the only fire fighting service available, in the event of an emergency, would be provided by the Wabush volunteer fire brigade--which is equipped with only one water pumper...and is located some distance from the airport.

A water pumper couldn't handle the type of fire likely to occur on an airport runway, argues Peddle, even if it were on the spot. But even more appalling, the water line to the airport has been broken for the last three months and the terminal's water needs are at present supplied by a 1200 gallon tank truck parked outside the building.

(Continued on page 15)

# The linerboard project

**STATEMENT MADE BY FRANK MOORES, WITH RESPECT TO THE JAVELIN PAPER CORPORATION LIMITED LINERBOARD MILL PROJECT AT STEPHENVILLE AND GOOSE BAY, LABRADOR-**

It has come to our attention that since the House of Assembly closed at the end of May, the Government of Newfoundland has guaranteed an additional loan or loans totalling at least 9 million dollars for the Javelin Linerboard Project. This has been done again without one word of information or explanation from the Government to the people of Newfoundland.

We now call upon the Government of Newfoundland to report to the people of Newfoundland in connection with the present financial status of the Javelin Linerboard Mill Project and, particularly, the present financial status of Javelin Forest Products Limited. Have acts of default occurred under the Trust Deed and other financial agreements? Why is Javelin Forest Products Limited falling to meet its financial obligations as they fall due? Is Javelin Forest Products Limited now in

arrears with respect to some or all of the 57 Conditional Sale Agreements or Chattel Mortgages registered and, if so, what steps are being taken to see that the arrears are met so that the

**GRAND FALLS CO-OP REBATED \$29,000.00:** The Grand Falls Co-op Society has rebated \$29,000.00, a portion of the organization's profits for the past fiscal year, to the members of the organization. J.D. Deorksen, general manager of the co-operative store, explained that the rebate, usually made in late August, was made earlier this year due to the shutdown at the present time of the Price (Nfld.) Pulp and Paper Mill. According to Mr. Deorksen, the \$29,000.00 represents 10 percent of the entire share ownership of the members. Mr. Deorksen went on to say that it was hoped that by giving the members of the co-op their rebate at the present time, they would be able to retain their spending power during the shutdown. During 1971, the co-operative will release to its member customers, a total of \$45,000.00. Of this amount, over \$15,000.00 will go to elderly people, people who have moved from the trading area, to estates and to people, who need money for compassionate reasons. The Grand Falls Co-op has returned over \$1,250,000.00 to its member customers since its inception in 1920.

Project can continue?

Since the House of Assembly closed in May, 1971 what further financial guarantees, if any, have been given, by the Government of Newfoundland in connection with this Project? What is now the estimated total cost of the Linerboard Mill Project and what is the total financial guarantees of the Government of Newfoundland in connection with the Project?

Is the Linerboard Mill Project economically feasible in view of the increased costs of the Project or will the operation have to be subsidized further by the people of Newfoundland?

The failure of Mr. John C. Doyle and the Javelin organization to properly finance and organize the very important forestry operation at Lake Melville requires immediate action by the Government of Newfoundland. The Government of Newfoundland should now take over active management and control of the complete Linerboard Mill Project and put in charge of completing that Project people who will ensure that the Project is completed without further escalation of costs or, at the very least, at costs and with subsidy arrangements made known to the people of Newfoundland before the Election of 1971 is held.

I call upon the Government of Newfoundland to make full disclosure of every aspect of the Linerboard Mill Project which is being financed by the people of Newfoundland through the Government of Newfoundland. It is the people of Newfoundland who will lose and they are entitled to know what steps the Government is taking to meet the many problems, financial and operating, now apparent in this Project.

This situation cannot remain hidden from view of the people of Newfoundland until the Election of 1971 is over.

# Scanning the Market

**SIDE EFFECTS:** As usual, the 5-for-1 split of Canadian Pacific Ltd.'s shares is designed to broaden the attractiveness of the stock to investors, and perhaps improve the price-earnings multiple. But some institution fund managers say the split will force them to divert more of their trading in C.P. to U.S. stock exchanges from Canadian markets. The reason is that the gap between U.S. and Canadian commission rates widens as the share price drops. At \$68.00 a share, it cost a fund almost \$500.00 more to trade 5,000 shares in Canada than in the U.S. But at \$13.60, the difference in commissions on 25,000 shares grows to almost \$1,000.00.

**PROFITS DROP 5.4 per cent IN FIRST QUARTER OF 1971:** First quarter corporate after-tax profits in Canada totalled \$869-million, down 5.4 per cent from the first quarter last year and down 12.5 per cent from the 1970 fourth quarter, says the Dominion Bureau of Statistics in its latest report. Seasonally adjusted first quarter profit rose 7.2 per cent from the final quarter last year to \$954-million.

First quarter sales at \$24.9-billion, were up 3.3 per cent from the year-ago period and down 6.4 per cent from the 1970, 4th quarter. Shareholders' equity totalled \$44.4-billion up 4.8 per cent from a year ago and 1.1 per cent from the final period last year.

**CREDIT EDGE:** Not every investor is comfortable buying stocks on margin, but there will be advantage to investing on credit under Ottawa's new tax proposals. Someone in 50 per cent tax bracket, with \$300.00 in annual dividend income and \$200.00 in interest costs, can now deduct the interest charge and pay tax on \$100.00. With the 20 per cent dividend tax credit, he pays \$30.00 in tax, leaving \$70.00 of income.

Under the proposed scheme, the same investor grosses up his dividends and one-third dividend tax credit (\$400.00), then subtracts his carrying costs (\$200.00). The tax on the remaining \$200.00 would be \$100.00, but when the \$100.00 dividend credit (included in the initial gross-up) is deducted, no tax is payable. That is the principle, at least, although some provincial tax may be due.

**C.S.E. BANS STOP LOSS ORDERS:** In June the Canadian Stock Exchange banned stop loss orders in all issue listed on the exchange. There are no plans for similar action on the Montreal Stock Exchange. Many exchanges prohibit stop loss orders in volatile issues because their execution can trigger additional stop loss selling.

A stop loss order is an order that becomes an order to sell at the market price when a predetermined price is reached by a stock that is declining. For example, if a stock is trading at \$4.00 and the shareholder is afraid it might drop below his purchase price of \$3.00, he would place a stop loss order at \$3.00. The danger is such orders is they become market orders and if the next bid after the stock drops to \$3.00 is at \$2.50, that is the price he would receive. They also tend to activate other similar orders.

Brokers say no other exchange has initiated an across-the-board ban on stop loss orders. The C.S.E. says it has been the practice in the past to prohibit stop loss orders in certain issues because of their speculative nature.

**LOSSES SWALLOWED.** The long and extraordinarily cyclical career of Canadian Marconi Ltd. may be posed for another upturn. The communications equipment maker has a habit of losing money about twice every decade, but each time the stock has bounced back impressively. It has picked up from a 1971 low of \$2.80 to \$3.20 but is still well below last year's high of \$5.25. Management reported non-recurring losses of \$657,000.00 in the first quarter of 1971, but said the full year's profit should exceed the \$1.8 million or 30 cents a share reported in 1970.

**TOO BIG?** Big question buzzing around the investment community: how will Canadian stock exchanges cope with Merrill Lynch, Pierce, Fenner & Smith Inc. when it's investor-owned? With \$400 in working capital and \$20 billion in custodial accounts, Merrill Lynch is considering offering securities worth \$120 million to the public. Since it's already one of the most powerful firms in the business, public ownership could make it even more difficult to compete against.

And in the Canadian investment community the problem is even more ticklish. Membership rules in Canada prohibit member firms from going public—and Merrill Lynch holds memberships both directly and through Royal Securities Corp. Early consensus is that the situation may simply hasten the day when Canadian houses as well will be allowed to go public.

**NEWFOUNDLAND LOAN:** The Province of Newfoundland has a European debt issue in the works dominated in West German marks. The planned 8 per cent debenture issue, to mature in 1936, is for 80 million marks, equivalent to about \$23.5-million at today's exchange rate for Canadian dollars. European reports suggest an issue price of \$98.25.

high-spirited I-P-A.  
Now a  
**MALT LIQUOR.**

The brew with  
more zonk!

Hey! IPA has changed into a Malt Liquor. That means that the new slow-brewed, longer aged IPA gives you more of what you're looking for in a top quality brew. But, at the same time, it's light in body, light in flavour, light in colour. And it's smooth. So treat yourself and your friends to IPA Malt Liquor soon. It's smooth. It's new. And it costs no more.

Not Imported By Newfoundland Liquor Commission

## A Point Of Interest

**DIAPERS:** Ever wonder how many diapers are changed each year in Canada? Asmooth (we hope) 2.77 billion. And if you wonder who keeps track of flyxvotthptt-teettthttt die-anges, it's Scott Paper Ltd., Vancouver. The company came up with these intriguing figures while it was researching the market for the introduction recently, of its new disposable. With about 370,000 babies born each year in Canada, some of which wear diapers up to 30 months, the market bottoms out at 925,000 babies.

**Aching Muscles-Backache?** The cause could be irritation of the bladder and urinary tract. DeWitt's Kidney & Bladder Pills are formulated to reduce pain and act as a mild diuretic. 98 cents and \$1.98 at City Drugs Ltd. and Northern Drugs.

# Speaking Of Sports

**SOFTBALL:** Congratulations to "A" League, All-Stars, who put on a good show in St. John's, winding up with a 2 win-3 loss record, losing a berth in the Atlantic finals in a play-off game. Dong Hong won the batting award and Aurora would like to pass on personal congratulations to pitcher John Duke for several masterful pitching outings. According to those who accompanied the team John should have won the M.V.P. award. Understood hospitality left much to be desired.

Only score we have since return of team was Saints 6 Wabush 2. These two teams are still fighting it out for 1st place finish.

"B" League: Six games were played last week. On Sunday afternoon Bechtel upset the Connelly & Twizell Juniors with a 28 to 16 win. John Hudson picked up the win while Bullen was tagged for the loss.

In the Sunday evening game the Indians beat the Cafeteria Chefs by a score of 23 to 4. Joy went the distance for the Indians while Moore took the loss for the Chefs.

On Monday night a double-header was played. In the first game it was Bechtel vs Indians. Whiffen pitched the Indians to an 8-t win over the Builders. Jim Aledander showed good style as he tagged a ball over the left field fence for his first home run of the season.

In the second game Connelly-Twizell Juniors beat the Cafeteria Chefs 20 to 7. John Bullen received the win while Moore of the Chefs took the loss.

In "B" league action on Wednesday night the Canadian Bechtel Builders just managed a 11-9 win over the hard fighting, spirited, Cafeteria squad. John Hudson took the win while the Chefs pitchers Moore was tagged for the loss. Up to date standing for our next edition. Senior Ladies: Latest statistics show Handy Caps a 1/2 game ahead of Lionettes Marilyn Beattie is the leading pitcher while D. Gosse, E. Kennedy and J. Bruce are the top batters.

**Minor Softball:** The last word we had from this league was to the effect that in "A" section it was a close battle between Leigon and Target Taxi for 1st, with Carol Painters, Mussens, and Braves trailing well behind. In "B" section it was much closer with City Motors, O'Brien Hall and Leigon practically tied for first with Lions and Ward & Boyack close behind and the Desrosier team in the cellar. Junior Girls: A three team league is in operation with team 1 out in front closely followed by team 2 with team 3 yet to taste victory.

## LABRADOR CITY SENIOR SOFTBALL LEAGUE

Wed. Aug. 4 B 6:00 A Cafeteria; Juniors; Wed. Aug. 4 B A.G. A Bechtel Practice; Thurs. Aug. 5 A 6:30 A Carol Cleaner, Wabush; Thurs. Aug. 5 A A.G. A Braves Practice; Sun. Aug. 8 B 2:00 A Bechtel, Indians.

### LEADERS

Hits; Len Greeley, 9; runs; Gabe Aucoin, 19 Home Runs; Gabe Aucoin, 2 Doubles; Noel Lilly, Les Budden, 4 Triples; Ben Lacey, Gary Kinney, Dave Kelly, 2 Runs Batted In; Len Greeley, 9 Stolen Bases; Gary Kinney, 7 Pitching; John McGrath, Derm Flynn, 4-0 Strikeouts; Pat Doyle, 37

### GOLF

Under inclement conditions 58 golfers participated in the Labatt Open (45 men-13 women). Winners were as follows: Low Net "A", Ed. Kelley, 151. Low Net "B", Bernie Tricco, 161. Low Net "C", Norm Gillespie, 162. Low Gross "A" Yvonne Morin, 170. Low Gross "B", Blake McCullough, 198. Low Gross "C", Walt Heferton, 217. Low Net (2). "A" Reg. Duchesneau, 153. "B" Dan. Donnelly, 169. "C" Harvey Barrett, 171. Ladies Net. "B", Marge Roberts, 87. Hilda Beauregard, 93. Ladies Net. "C", Nessie Thomson, 100. Anna Yuill, 111.

Winners of the annual invitational were not available at press time. However we will have this information together with pictures for our next issue.

The ladies Day Tournament was held on Wednesday 28 July. Sixteen ladies turned up at Tamarack to play a "criers" tournament Wednesday afternoon. The winners were 1st A. Chick, 2nd M. Roberts, 3rd V. Hull, 4th M. Harrison.

### TENNIS

The men's team has been selected for the Nfld. Open of 6-7-8 August and will consist of: Terry Whitfield, Rene Ray, Marcel Levesque, Derrick Crawshaw, Bruce Brown and Herb Davis. Selection of a full ladies team will depend on number of visiting female players. Quite a few tennis stars have signified their intention of attending, including several from Quebec and a large contingent from St. John's. Pictures and results next week.

The following people are now registered for tennis classes. If the time allotted conflicts with other activities, please contact the tennis coach, Herb Davis, and an alternate time can be arranged.

**Beginner's Class 8 Monday, Wednesday, Friday 9:00 a.m. — 10:00 a.m.**

Karoline Whitefield, Irvin Ivany, Stephen Seaward, Darrel Ivany, Jimmy Dunphy, David Daniels, Peter Jackowski, Sonia Silari, Greg Hiscock, Paul Brown, Kieth Gullage, Annette Gleghorn, Fraser Drover, Perry Leonfellner, Margo Hickey, Valerie Foster, Carolyn Brazill, Karen Dmytryk, Leslie Mesman, Carl Satari, Derrick Hiscock, Blair Lake, Albert Rodgers, Louise Gregoire, Christine Couturier, Michelle Gregoire, Lois Ann Brown, Jeannine Erb, Russel Bartlett, Michelle Erb, Johnny Bartlett, Fred Daniels, Derrick Tremblett, Louise Corbeil, Karen Mesman, Janice Mastelko, Kieth Mercer, Cheryl Christie, Geoff Hiscock, Paul Dowde, Chris Sutton.

**Junior Class: Monday, Tuesday, Thursday 10:00 a.m. — 11:00 a.m.** Clyde Ivany, Kathy Shanks, Diane Sutton, Denise Jackman, Joanne Bartlett, Mary Elizabeth Cooper, Marie Couturier, Sheila Brown, Arnold Tremblett, Leona Couturier, Denise Flemming, Jane Ouelett, Doug Anderson, Robert Vatcher, Debbie Mercer, Ralph Brown, Carl Waddington, Jerome Tobin, Paul Flemming, Claude Christie, Lynn Brown, Mike Christie, Suzanne Leonfellner, Richard Timmons, Gary Timmons, Darrel March, Peter Primer, Russel Waddington, Marine Erger, Dave Bianco, Armond Trahan, Jean Rene Rompre, Robert Dickson, Tae Sun Kim, Christian Rompre, Richard Rompre, Robert Dickson, Susan Christie, Paul Moulant, Rosalyn Hiscock, Brenda Evelyn, Bernice Simms, Joy Brown.

No the Kayak's have not arrived and seem to have vanished in transit. With vacation now past the half-way mark it looks like this will be a project for next year.

Tentative plans still call for a visit from noted Canadian cyclist Claude Dube on Friday of this week. However those interested in meeting Mr. Dube are advised to check with Arena before 9.30 a.m. Friday 6 Aug.

However a special 6 hour Bicycling Course is definitely on for 17-18 Aug. The course sponsored by the Nfld. Safety council will be conducted by Mr. Ray O'Neil. All Bicyclist's are urged to register thru the Recreation Dept. in the Arena. There will be a \$1.00 fee (mainly to cover charges of a manual which will be given to all who attend classes.) Remember parents this is an important, informative course for all young, bicyclists, make sure your young "peddler" attends. An exchange visit has been arranged with Corner Brook and the following, representing various activities will be in the West Coast City 13 thru 16 Aug. The following weekend a similar group from Corner Brook will be visiting here and billeting in local homes.

John Anderson, 14 years old, Rifle. Cathy Power, 12 years old, Baby-sitters. Vianne Timmons, 12 years old, Arts & Crafts. Jim Thompson, 13 years old, Floor Hockey. Mala Sankarsingh, 13 years old, Girls Soccer. Carl Waddington, 13 years old, Newspaper. Debbie Power, 13 years old, Gymnastics. Allan Paananen, 9 years old, Weightlifting. Tae Sun Kim, 12 years old, Tennis.

**CAR DRAW:** The "Pinto" Car Draw sponsored by the Labrador City, Ladies Softball Association, will be drawn, at the Ashuanipi Social Club on Wednesday 25 August 1971.

## For your Information

(Continued from page 10)

Two years ago permission to EPA was delayed to fly its jet aircraft into Deer Lake because of inadequate fire protection. Now Deer Lake Airport has a full-time fire fighting crew and three units of equipment with "foam".

"The inconsistency," says Peddle, 'emands explanation".

He accuses the Department of Transport of operating at Wabush with "their fingers crossed" and adds that he finds it "difficult to understand the silence of the two airlines" which operate at Wabush.

On November 25, 1969 Peddle asked during a Commons Committee session about the lack of fire protection at Wabush and was told by Jamieson: "The fact that the runway at Wabush is longer (than Deer Lake), as it is at other runways throughout the country, makes a difference in terms of what the officials determine as being the minimum, if you like, -fighting needs."

Peddle says that on reflection he realizes the minister's statement was "ridiculous. The sort of situations which might develop such as a stuck landing gear or a blown tire, or an engine a fire are not related in any to the length of a runway."

"The situation is 'grave', "he tells Jamieson in the letter, "and a solution cannot wait for long-term development plans for the airport. They must be corrected immediately. It could very well be a matter of life and death."

### DESTROYS EQUIPMENT

By Pandora Ballard

A fire on Tuesday, July 20, in a garage at Wabush airport destroyed approximately \$40,000 worth of Quebecair equipment.

The cause of the fire remains unknown, but the airline lost its main equipment for loading and unloading aircraft.

Raymond Rochon, a spokesman for Quebecair, said the fire, which began around 4 p.m., was put out "just in time" by the fire department.

There are several large fuel tanks near the garage, said, Mr. Rochon, and these narrowly escaped the blaze.

The Wabush Mines Company Plane and an oil truck also were near the building, he said, but these were moved away in time.

The fire department arrived about five minutes after it was called, said, but it was unable to save the garage.

The fire was extinguished in about an hour, he said, and the electric power was off for about 2 hours.

Refuelling of aircraft was cancelled for the rest of the day, he said.

No one was injured in the blaze, and Quebecair expected to receive more equipment to replace that lost.

Meanwhile, Quebecair will use Eastern Provincial Airways' equipment, said Mr. Rochon.

Frank Leawook, Manager of the Wabush Airport, said he couldn't recall a similar fire at the airport in the 9 years he has been in Wabush.
