SUBJECT: DAYLIGHT SAVING TIME

DEAR SIR:

WE WOULD APPRECIATE IT IF YOU WOULD INVESTIGATE AND LET US HAVE AS SOON AS POSSIBLE YOUR COMMENTS ON THE FOLLOWING PROBLEM IN OUR TOWNS.

EACH YEAR IN LABRADOR WHEN DAYLIGHT SAVING IS PUT INTO EFFECT, OUR TOWNS ARE EXCLUDED AND WE REMAIN ON NORMAL TIME, I.E. A.S.T. INSTEAD OF CHANGING TO A.D.T.

THIS IS RATHER CONFUSING AS REGARDS RADIO PROGRAMMES WHICH OBSERVE THE TIME CHANGE AND CONSEQUENTLY DURING THE PERIOD OF DAYLIGHT SAVING TIME OUR RADIO PROGRAMMES CEASE AT 12:00 MID-NIGHT WHEN WE NORMALLY HAVE SERVICE TO 1:00 A.M. NEEDLESS TO SAY, THIS ALSO CAUSES CONFUSION TO VISITORS AND TRAVELLERS BY HAVING THE TIME IN OUR TOWNS NOT CONSISTENT WITH THE REST OF OUR TIME ZONE.

MOST IMPORTANT, AND THE MAIN COMPLAINT COMES FROM MEMBERS AND SUPPORTERS OF ALL SPORTS ACTIVITIES, WHICH INCLUDE THE CHILDREN AND YOUTH OF OUR TOWNS. OUR SUMMER, OR FINE WEATHER SEASON, IS VERY SHORT AND EVERYONE WANTS TO TAKE ADVANTAGE OF FINE WEATHER TO USE OUR GOLF COURSE, TENNIS COURTS, FOOTBALL, SOFTBALL, AND BASEBALL PITCHES, ETC.

AS MOST OF THESE ACTIVITIES REACH THEIR PEAK IN THE EVENINGS BECAUSE PEOPLE ARE AT WORK DURING THE DAY, THIS EXTRA HOUR OF DAYLIGHT IS ESSENTIAL TO MAKE MAXIMUM USE OF OUR FACILITIES, SOMETIMES TO COMPLETE A GAME.

THE GARDENS ENRICH OUR TOWNS WITH COLOUR AND THE GARDENERS WOULD ALSO APPRECIATE THE EXTRA HOUR, AND MANY OTHERS FOR VARIOUS REASONS. ALL AGREE THAT AS WE HAVE SO FEW BEAUTIFUL SUMMER EVENINGS, EVERY EFFORT SHOULD BE MADE TO GIVE US THIS EXTRA HOUR TO ENJOY AS WE WISH, EACH TO HIS OWN.

I AM SURE YOU WILL GIVE FULL CONSIDERATION TO OUR BRIEF AND WE TRUST THAT WE WILL HAVE YOUR FULL CO-OPERATION AND SUPPORT.

W. ARMSTRONG, CHAIRMAN,
LOCAL STEELWORKERS COMMITTEE,
REPRESENTING 3,000 STEELWORKERS
AND THEIR FAMILIES.

LETTERS. TO THE EDITOR: : : : :

This is a copy of a letter which was sent to the Montreal Gazette following the fire.

Dear Sir:

Many thanks for the front page space the fire at Labrador City was given in the Gazette of June 18th. I would also like to personally thank the persons responsible for having a Quebec water bomber on the scene and fighting the blaze at the edge of our Town hours before help came from our own province. The pilot of that plane was very swiftly in action dumping water on the blaze and he deserves a lot of praise. Communities, in the situation such as we just experienced, can be very quickly evacuated, however, due to our complete isolation from the outside world and the number of people who live here, we are in a very different position. We can't hop in our cars and leave by road. We must sit and wait for help. The tax dollars from our small area pours millions into the provincial and federal treasuries and yet our help came from Quebec and an American owned company. Mr. Smallwood, Newfoundland and Ottawa wouldn't miss us at all until our tax dollars stopped flowing in. The first mention of the fire over the C.B.C. Regional News from Goose Bay that I heard, was 24 hours after the Gazette was on the street, and they reported the fire started two hours later than it actually did, and gave the credit for bringing the blaze under control to a Canso from Goose Bay along with our five hundred fire fighters.

Labrador City is a wonderful place to live but our isolation is our weakness. We are threatened at times with no food, which must come in by rail, holidays must be cancelled due to strikes in Seven Islands, as our cars must be shipped out by rail, postal disruptions in Montreal affect us, north shore truckers disputes, air strikes affect us, and at the same time I am sure that no other area in Canada this size, pays as much in tax dollars for such a little return. Do the majority of people know what "canned TV" is? Last year we went without gas and oil for two months, most people in this area were laid off due to a labour dispute in Seven Islands. Is the same thing going to happen again this summer?????????

We came here with a wonderful pioneer spirit years ago, but after such a long time it fades especially when you learn that we are the only province that pays 1¢ tax on chocolate bars, pay the highest price in Canada for cigarettes (\$6.00 per carton) and liquor and I feel quite safe to include food and clothing and air fares along with these items, not to mention all the taxes on everything including children's clothing and then cannot count on the collectors of this money for help. It is sad to say the very least.

It was reported on the radio yesterday morning that Mr. Smallwood said the taxes for mining companies in Newfoundland were the lowest in Canada and he intends to raise them. He must be trying to set a record for the highest rate of tax on everything, in his province. Already, Mr. Benson's proposals have put us in a spot where mining expansion in this area is very questionable.

I am sure that we have paid for the Trans Canada Highway across Canada. We have four miles of it here, From Labrador City to Wabush. It is the only bit of road built by the Government. We are not able to travel on this road with studded tires after the 15th of May. On June 2nd, we had a snowstorm and some residents were forced to put chains on their cars.

Labrador City is to be part of the Mid-Canada-Development. Where will they ever find the proposed population of 100,000 people who are as good natured as our present population that will put up with such things year after year without the slightest hope of ever getting improvements.

Copies to Evening Telegram, Daily News, Aurora.

June 19th, 1970
Evelyn N. Miller.

Dear Sir:

Pollution -- everybody is on the band wagon. If its not air we are polluting then it's water, if it's not water pollution then it's noise pollution, and if it's not noise, well, its something else. However, if I may quote an acquaintance, "It's all in the mind" because the worst type of pollution is "Mind Pollution".

CONTINUED -----

What type of mind would inadvertently toss a beer bottle out of his car, or throw a bag full of garbage alongside some road, or eat a lunch along some stream and toss the wrappings unto the ground?

Well I say only a "Polluted Mind" would do it.

I wonder if this same mind would do similar acts in his own yard. I'll bet not. So why not solve the problem and treat your environment as if it were your own yard, after all you owe it to your mind as the first step in "Depolluting It".

 N A T S

HI:

Ever wonder why there is so much litter on our streets, --- Garbage day especially -- WHOA --, I am not blaming the men nor the residents, - I am blaming the manufacturers of the plastic garbage bags. There should be a law stating that the thickness and seam strength be of a specific uniform stress breaking point. If there is no such law, then maybe our towns -Note Plural- could pass a by-law to this effect and prevent the sale of inferior quality merchandise.

How many people know that it is an offence against the Highway Traffic Act - not to stop at pedestrian crosswalks (these include school crosses) if someone is waiting to cross. I stopped for one the other day and the men waiting to cross almost fainted. - I know in Ontario, the fine is \$50.00 for the first offence - and three points against your driver's licence. So, next time be on the alert as I suspect our local Gendarmes are getting itchy to enforce this law.

I note that the traffic lights on Hudson are not operating at all now. - These lights, I thought were installed to help children to cross the street. And as I stated before, with the play grounds open all day, and part of the evening, the children are taking chances crossing this busy crossway. - MOM'S, what do you think about this?????????

Finally, I had a pleasant weekend. What happened?? Who slipped up?? More cars out for a Sunday drive than I have ever seen up here.- The Wabush - Labrador City Highway was a steady stream. - But, as usual, there is always some NUT who thought he could pass the whole lot. As the saying goes, - if the cars were bumper to bumper from one end of the road to the other, there would always be one guy who would pull out to get ahead of the next fellow.

Well, enough for this week.

NATS.

NOTICE -----

Sabin oral poliomyelitis vaccine will be available to all children between the ages of 3 months - 9 years (up to 10th birthday) who has not allready had two doses.

Time - 1:30 to 4:30 p.m. Thursday, July 2nd.

Place - Public Health Department, Jackman Memorial Hospital, Pre School sight defect clinic, (ages 3½ - 6 yrs.) To commence July and August in Labrador City and Wabush. Interested parents call the Jackman Memorial Hospital and leave the child's name and phone number. Appointments will be arranged.

THE VACATIONS WITH PAY ACT:

HERE'S WHAT YOU SHOULD KNOW ABOUT IT.

GENERAL INFORMATION FOR EMPLOYERS AND EMPLOYEES ON THE ANNUAL VACATIONS WITH PAY ACT, 1969.

The Annual Vacations with Pay Act, 1969 came into effect in Newfoundland and Labrador on June 1, 1970.

The Act entitles all employees, male and female of any age, to two weeks vacation with pay where such entitlement to a vacation is earned in accordance with the provisions of the Act.

Employees who have not worked long enough to be eligible for two weeks vacation must be paid the vacation pay to which they are entitled.

The benefits of the Act are not retroactive.

In order to be entitled to a vacation, an employee must have worked for the same employer for at least ninety percent (90%) of the regular working hours in any continuous twelve-month period measured from June 1, 1970.

VACATION PAY: 4% OF TOTAL WAGES.

Vacation pay must be paid at least one day before the vacation begins, in an amount equal to four per cent (4%) of total wages for the completed year of employment.

If employment is terminated for any reason before the completion of a year of employment, the vacation pay must be paid not later than one week after employment ceases.

The vacation pay equals four per cent (4%) of total wages for the period of employment.

Where the employment of a person entitled to a vacation is terminated before the end of a twelve-month period or before he is given his vacation, the employee must be paid the vacation pay to which he is entitled not later than one week after his employment ceases.

Total wage includes all remuneration that an employee is paid or entitled to be paid by his employer in respect of the labour or services that he performs. Remuneration in respect of overtime work is not included in total wage but the cash value of board or lodging or both is counted.

WHEN CAN YOU TAKE YOUR VACATION?

Not later than the day on which he becomes entitled to an annual vacation, an employee (if he wishes to do so) may give his employer written notice that he desires to take his vacation in one continuous period of two weeks or in two periods of one week each. The employer must permit the employee to take his vacation in the manner mentioned in the notice, although the beginning date of the vacation must be approved by the employer.

An employer must give each employee not less than one week's written notice of the commencement of his vacation.

The vacation must be granted within ten months after the employee establishes his entitlement to it.

Where a special holiday occurs during the vacation period, the vacation must be extended by one day.

An employee's completed period of employment is measured from June 1, 1970, the day the Act comes into effect.

WHAT IF A COLLECTIVE AGREEMENT EXISTS?

If a collective agreement existed on June 1, 1970, the vacation period and pay are as stated in the agreement and the Act does not apply.

Where no such collective agreement exists, the Act does apply and employment is measured from June 1, 1970.

In the case of a person employed on the day the Act came into effect, employment will be measured from the date employment commences.

Many collective agreements already in existence provide for vacation with pay.

If such an agreement was entered into before June 1, 1970 and existed on that day, the provision of the agreement relating to vacations will prevail even though they do not meet the standards of the Act. However, when the term of that agreement runs out, the standards of the Act will then prevail and employers and employees when negotiating a new agreement should include vacation provisions which at least meet the standards of the Act.

If there was no collective agreement existing on June 1, 1970, the standards of the Act automatically applied on that date.

CONTINUED -----

THERE ARE PENALTIES FOR FAILURE TO PAY.

The Department of Labour has authority to make audits and inspect the records of employees.

In the course of such audit if an authorized inspector finds that an employer has failed to pay any employee his average wage or vacation pay, the inspector may determine the amount due the employee.

If the amount determined by the inspector is agreed in writing by the employer and the employee, the employer must transmit the amount to the Deputy Minister of Labour who will pay it to the employee.

The Act provides penalties in the form of imprisonment for a period not exceeding three months or a fine up to \$250, or both fine and imprisonment.

Where an employer is convicted of failure to pay vacation pay, the Act provides that the presiding magistrate, in addition to any other penalty imposed, must order the payment of any amount of vacation pay due the employee.

An employer may not require an employee to return, nor shall he accept from an employee, the whole or any part of vacation pay that the employee is paid.

However, if an employee uses his paid vacation time to engage in other paid employment, a magistrate, upon the complaint of the employer, may order the return of vacation pay to the employer or authorize the employer to deduct it from the employee's wages.

PROPER RECORDS MUST BE KEPT.

Employers are obligated to maintain such proper records as may be necessary to show compliance with the Act, including records showing:

- (a) the date of the beginning and of the termination of employment;
- (b) each annual vacation granted showing
 - (1) the dates of commencement and completion
 - (2) the period of employment covered by the annual vacation, and
 - (3) the amounts and dates of payment of any vacation wages given;
- (c) total wages;
- (d) the amount of money paid in lieu of an annual vacation upon termination of employment.

Copies of the Act may be obtained from the office of the Queen's Printer, c/o Creative Printers and Publishers limited, Water Street West, St. John's.

Enquiries or complaints in connection with the Annual Vacations With Pay Act, 1969, should be directed to:

DEPARTMENT OF LABOUR,
Confederation Building,
St. John's, Newfoundland.

THE ABOVE SUMMARY WAS PREPARED FOR OFFICE USE. IT HAS NO STATUS IN LAW. FOR PURPOSES OF INTERPRETING THE ACT AND APPLYING THE LAW REFERENCE SHOULD BE MADE TO THE ACT.

AMATEUR RADIO OPERATORS HOLD FIELD DAY.

June 27 - 28 the American Radio Relay League of which the Amateur Radio Club of Labrador West is a member, sponsored a field day.

The members from our local club in attendance were Jean Barrow, VO2AK; John Kieley, VO2AP; Dick Foote, VE1ST/VO2; George Ellsworth, VO2DA; Max Moss, VO2AC; Ted Stapleton, VO2DA; and Mr. Paul Burchert, who represents the Scout Venturers. (The Boy Scouts have four amateurs registered and their call letters are VO2NA).

The field day commenced at 2:00 p.m. Saturday, and ended at 5:00 p.m. on Sunday. During this time, the group were in contact with three to four hundred of their fellow amateurs throughout the world. The group reports that bad frequency conditions existed not only here, but all over.

The group were operating four stations using home made radios and antennas. The power source was an emergency generator, (so as to simulate emergency conditions.)

The members were competing for the J.R. Smallwood trophy against the society of Nfld. Radio Amateurs, the amateur radio club of Newfoundland, the Humber Valley amateur radio club.

The members would like to thank the Smokey Mountain Ski Club who allowed them the use of their facilities, and Wabush Mines who supplied the emergency generator.

NOTICE --- The "CAROL LINK" has received 'Letters To The Editor' unsigned by the writer. We cannot print these unless the signature is included. The name can be withheld, and a pen name may be substituted by request. Kindly keep this in mind when writing to the "LINK".

LABRADOR CITY MINOR HOCKEY BINGO

To answer a few questions that have cropped up, here are the answers.....

WHEN WILL THE FIRST NUMBERS BE PRINTED?

The numbers shall be in July 9th edition -- 20 numbers in succession as they were drawn.

HOW DO I KNOW IT IS NOT RIGGED?

The numbers, a total of 70, were drawn at the conclusion of the games at the O'Brien Hall last Thursday, June 25th., by Stan Robinson and he has the only master sheet.

HOW MUCH COULD I WIN?

You could win all prizes which is a total of \$700.00 on the same card as this card is good until the Grand Prize is won.

HOW IS THIS SO?

Supposing you win the "Letter 'X'". After the card is checked and verified, you are given the prize and the card is returned to you. The same goes for the rest of the games except for the Grand Prize winner. This card or facsimile shall appear in the following edition of the "CAROL LINK".

TO WHOM SHALL I REPORT A BINGO?

To the checker whose telephone number will appear in the "LINK".
Note: This number may change periodically so, be sure to check this phone number.
