Life - what's it worth if nobody cares?  
 I sit, alone, and wonder where I'm going.  
 Each day goes by with nothing important or unusual to make  
 me want life.  
 I see myself becoming more confused.  
 If only I had somebody.

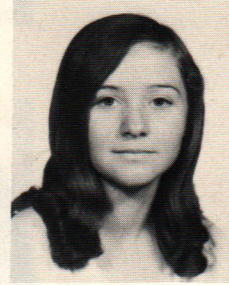

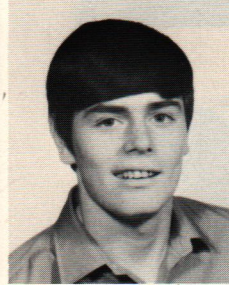

What's there to look forward to?  
 I have nothing that makes me want to put myself out.  
 I have nobody who will care if  
 I'm there or not.  
 Nobody cares.

Everyday I see people - people who are just as confused as  
 I am.  
 People who are looking for an answer when they don't even  
 know the question.

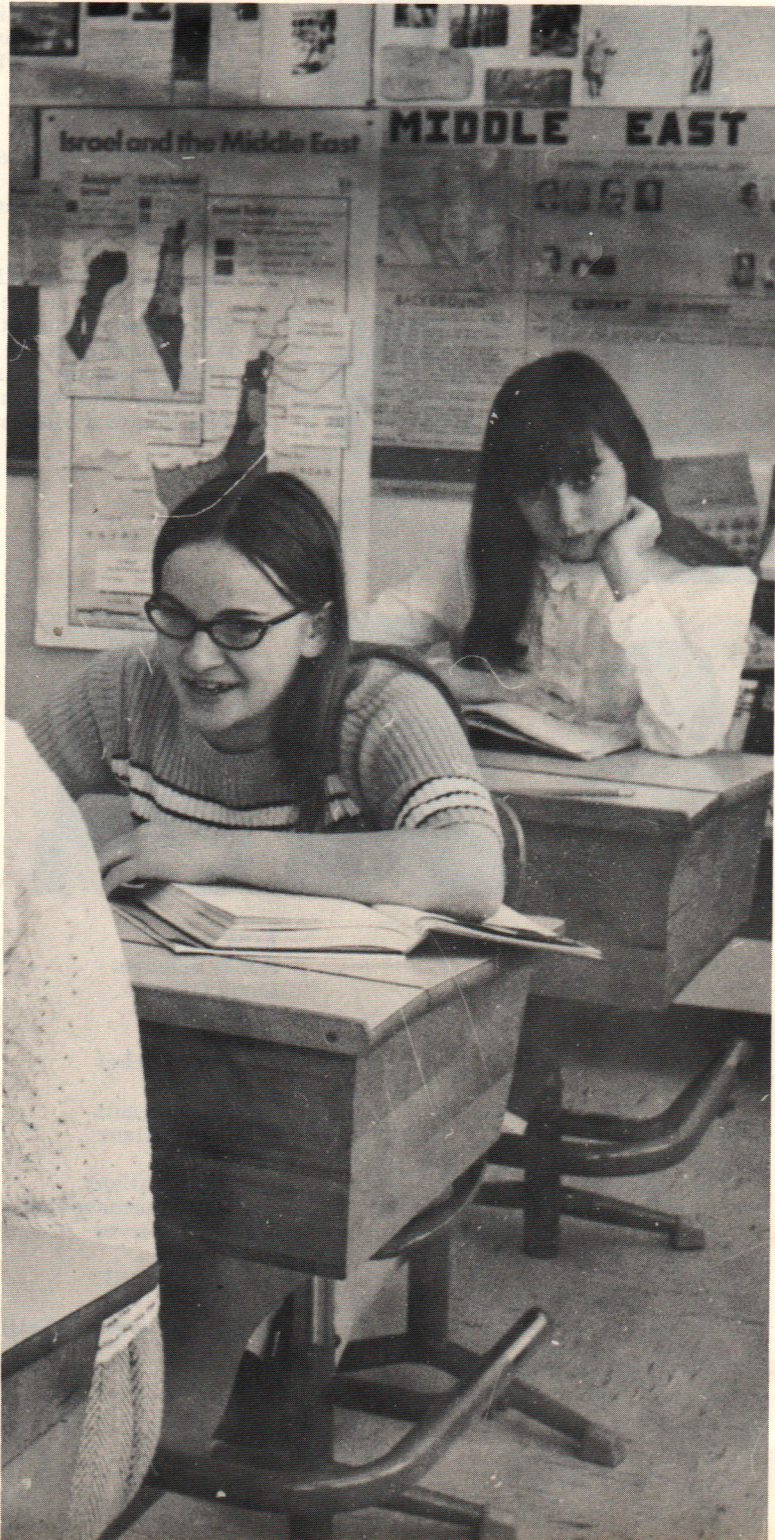

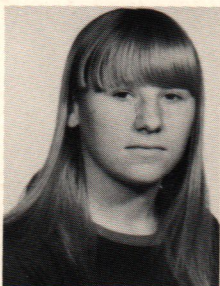

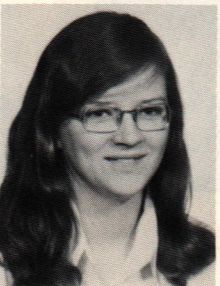

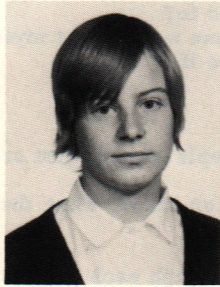

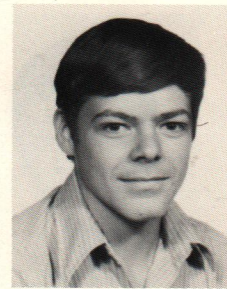

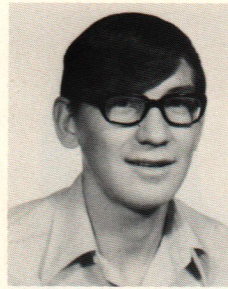

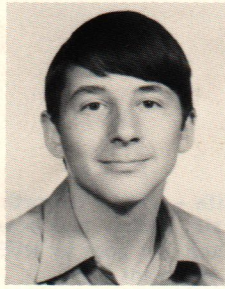

And I see people walking through each day not caring about  
 what goes on in the world.  
 Why the war, the hate, the prejudice?  
 Why is brother at the throat of brother?  
 Where's progress taking us?  
 To better freedom, understanding and civilization?  
 Tell that to a black man.
